

\$1,000,000 COTTON FIRE IN CAMERON Campaign of Arson Sweeping Over Southern Cotton States

\$202,892.44 FOR MILAM COUNTY IN FEDERAL AID FUND

MONEY FOR CONSTRUCTION OF ROADS GRANTED BY GOV- ERNMENT IS BOOST FOR HIGHWAYS

Federal government aid to the amount of \$202,892.44 has been granted to Milam county according to figures released for publication today by Giles L. Avriett, county auditor.

County Engineer A. F. Mitchell, was in Austin Tuesday of this week and was informed by the Highway Commission of additional aid for Milam county as follows:

Sap Highway No. 44, \$38,314.52.

Santa Fe Highway No. 36, \$39,570.00.

Total additional aid \$77,892.52 making a grand total of federal aid to Milam county of \$202,892.44.

These grants are conditional and the construction work must be well under way by June 1921 in order for the county to get use of this big sum in the construction of well defined highways.

This will give Milam county a decided aid in the construction of roads and is in accordance with the state and federal government road construction program inaugurated some time ago. It is expected that plans for using the money will be mapped out and construction under way before the end of the year. The work must be under way before June 1921 in order to secure the aid.

A CHOICE SPIRIT OF CAMERON

Hon. Fred Henry who lays claim to holding affiliation with 19 orders, among the many the Knights of Pythias and "Dokeys" was a visitor in the Banner-Knight office this week long enough to say howdy, and to say that Cameron Lodge in his home town was doing splendidly, and likewise would be able to show a splendid increase during Gran Chancellor Brevington's tenure of office.

There is no more worthy fraternalist than Fred Henry. He has so long been in harness that one wonders of the perpetuity of some of them were he removed, and yet, as time flies, may it come with tardy feet to one of his.

In speaking of the ceremonial of El Kabah Temple, No. 95, which is to be held during the cotton palace at Waco in November, Mr. Henry states that he is going to be ready to join Elmer Hood, J. W. Coleman, W. O. Triggs and others who have already signified their intention themselves to go—and who are to "carry" many candidates.—Texas Pythian Banner-Knight.

FOOTBALL GAME

Last Friday afternoon the Football team of Cameron High School beat the team of Rosebud High School to the tune of 66 to 0. This was the first game of the season here and Mr. Jones the Coach, is very proud of the team.

After Friday's game he hopes to have more candidates coming out. The star players were Self, W. Wilks, H. Willis, Stevens and Matula.

Next Friday Cameron will go to Taylor and play them.

CHRONOLOGY OF FIRE LOSSES IN COUNTY

Sunday October 10
+ Cameron Compress and 5,000
+ bales of cotton destroyed.
+ Loss approximately \$1,000,000.
+ Fire at cotton yard in Rock-
+ dale early Sunday night de-
+ stroyed two bales.
+ Second fire in Rockdale Sun-
+ day destroyed ten bales of
+ cotton at the Farmers Union
+ Warehouse.
+ Small fire in Thorndale Sun-
+ day destroyed several bales of
+ cotton.
Monday, October 11.
+ Grist Mill of Weems Gin in
+ Cameron destroyed Monday
+ night with a loss of \$2,000.
+ Gibson gin at Branchville, 12
+ miles northeast of Cameron
+ destroyed with loss of 12,000.

PROBE DISCLOSES ARSON IS PART OF NATIONWIDE PLOT

FEDERAL GOVERNMENT TIGHT- ENS ON RED ACTIVITIES IN THE UNITED STATES

San Antonio, Texas, Oct. 13.—Evidence that the burning of cotton gins, compresses and warehouses which has resulted in destruction of property reaching high into the millions of dollars within the past week, is a part of "well organized bands of radicals to create a reign of terror among the farmers and merchants of Texas, and the United States government acting through the department of justice will begin immediate investigation of the outrages, it was announced here Monday.

Simultaneous with this announcement the information that a number of department of justice agents had been dispatched to Cameron to investigate the fire there Sunday was made public.

According to the theory of the department of justice head here the series of gin fires which during the last 30 days have resulted in the destruction of more than a score of gins is the work of one big organization operating in conjunction with radicals throughout the South.

This theory, government agents say, is supported by the fact that practically all of the fires have followed closely on the heels of mysterious warnings sent out broadcast among farmers ordering them to withhold their cotton from the market until market conditions improve.

The similarity of the warnings and the fact that although the fires have occurred in widely scattered sections, 40 cents is the price that is uniformly set cotton must not be sold below convinces officials that the activity of the so-called "night riders" are directed by a central head.

In connection with the probing of the gin fires the department of justice agents have been instructed to keep a close watchout for radical activities of all kinds and keep all persons with known "red" tendencies under close surveillance. Several radicals suspected of complicity in the gin fires are said to be already known to the department of justice agents, and that the first arrests among the alleged "night riders" are imminent.

CHRISTIAN CHURCH

Rev. M. C. Jackson, district evangelist of the Christian church for the Temple district, will preach at the Cameron Christian church Sunday morning and Sunday night and also Monday and Tuesday nights. The church and public are urged to attend the services.

Compress and 5000 Bales of Cotton Burned Early Sunday Morning----Weems Mill and Branchville Gin are Destroyed Monday Night---Federal Investigation Fails Disclose Clew to Crime.

Loss estimated at \$1,000,000 is the toll taken by fire which completely destroyed approximately 5000 bales of cotton, the press and warehouses of the Cameron Compress Company at 2:30 o'clock Sunday morning.

There was approximately 7142 bales of cotton on the press at the time of the fire and of this number 2227 bales was saved. Of the cotton saved it is estimated that 85 per cent is owned by farmers. The compress was fully covered by insurance. It is estimated that all of the cotton with the exception of approximately 5 per cent was covered by insurance.

While circumstances surrounding the burning of the compress coupled with the widespread campaign of arson sweeping over the Southern states, the burning of cotton gins, yards and compresses, led local people to believe that the fire was of incendiary origin, an investigation just completed by Department of Justice officials failed to disclose any clue whatsoever that would enable the officers to fix the guilt.

Reports carried in the press today from San Antonio the headquarters of the Department of Justice state that after investigation which was conducted here by C. J. Lawrence, official of the department, the cause is attributed to spontaneous combustion. However the opinion still prevails that the fire was of incendiary origin although no proof has been established beyond the fact that an automobile was seen near the compress a few moments prior to the discovery of the blaze and made away at a rapid rate before it could be intercepted by Watchman Will Cook at the compress. Mr. Cook was forced to abandon any effort to ascertain the mission of the car at that hour of the morning in the vicinity of the compress in order to turn in the alarm.

The compress was owned by A. J. Dossett of Waco and is the second of his compress plants to have been destroyed by fire within the past few weeks, the first being the compress at Quanah, Texas. Mr. Dossett former citizen of Cameron and was in the city this week.

Monday night the grist mill of A. N. Weems was burned and in about fifty minutes after fire was discovered the cotton gin at Branchville was totally destroyed. Sunday ten bales of cotton was destroyed at Rockdale following a smaller blaze Saturday night at the yard there. A small blaze was also discovered at Thorndale Sunday. Six bales of cotton was destroyed in the fire which burned the Branchville gin. No insurance was carried on the plant.

The burning of the Cameron Compress and 6000 bales of cotton was the largest fire ever recorded in Cameron and the loss is greater than all combined fire losses in the history of the city.

Local firemen under the leadership of Chief Monta Thomas were unable to control the flames and the fight was early centered on the west compress storage shed where a large number of bales was stored. This was saved at the cost of heroic work and the hazards of extreme exposure to both firemen and the equipment.

An alarm was sent to Rockdale and a company of firemen responded reaching Cameron within 35 minutes after the call for help was received. The motor truck of the Cameron department, a Rolls-Royce motor was operated for more than nine hours under heavy strain to give pressure to three and later two lines of hose to fight the flames.

C. W. Lawrence of the Cameron Water, Power and Light Company reports the standpipe full at the time of the fire and Fire Chief Monta Thomas states that the water supply was sufficient, the only difficulty being a six inch main which is smaller than those in the business district thus reducing the pressure.

A number of cars belonging to the railroads was saved when an engine was cut from an early morning passenger train on the Santa Fe and backed into the compress switches to pull the loaded cars to safety. Several cars were taken out enveloped in flames. A number of cars were also pushed to safety by citizens and firemen who entered the sheds at great hazards and pushed them to safety.

Scores of farmers were in Cameron early Sunday morning to look after their losses and to view the ruins of the compress as they lay in black and charred desolation, a smoldering testimony to the hazard of flame.

The Herald is extremely indebted to Mr. Oxsheer Smith, president of the Citizens National Bank for complete details concerning the fire and the losses. The report which he has kindly submitted is correct and gives in detail as clearly as possible at this time the number of bales lost and insured by cotton buyers and the amount of the insurance. Below is the report of Mr. Smith:

"Number of bales lost in fire approximately 6,000; number of bales on compress saved from fire approximately 2,000; of the cotton save 85 per cent belonged to farmers, due to farmers, wagon cotton being weighted and placed on western end of compress, and on the ground and this part of the compress was saved. While some suffered more than others the average loss to farmers was about one bale in five on the press. Fully half of the cotton destroyed and owned by farmers was covered by insurance.

The cotton buyers of Cameron were more than fully covered by insurance and will suffer no loss whatever. A list of the number of bales held by each buyer on the compress, number of bales saved and amount of insurance carried:

C. A. Pitts & Company, 322 bales; number saved, 86; \$70,000 insurance.

D. J. Kuebecka, 145 bales; number saved, 42; \$18,000 insurance.

W. H. Triggs & Son, 445 bales; number saved, 137; \$55,000 insurance.

Joynes & Fahrendorf, 373 bales; number saved, 75; \$62,500 insurance.

B. Slocomb, 32 bales; number saved, 5; \$7,500 insurance.

Sanger-Joseph Co., 350 bales; number saved, not yet estimated; \$40,000 insurance.

Milam County Hardware Co., 24 bales; number saved, 10; \$5,000 insurance.

J. G. Vest, 119 bales; number saved, 6; \$30,000 insurance.

B. J. Raskin & Sons, 56 bales; number saved, not determined; \$5,000 insurance.

"Nineteen cars of cotton on the S. A. & A. P. tracks and under bill of lading containing about 1,200 bales eight cars on the G. C. & S. F. tracks and under bill of lading containing about 500 bales were destroyed. The insurance on this cotton is carried by the railroads and insured by them in large companies protecting all products under bills of lading.

"The remaining 3,500 bales of cotton belonged to out of town cotton buyers, for the most part exporters. This cotton had been shipped into Cameron to be compressed before going to seaport and ordinarily called transient cotton. All of this cotton was fully covered by insurance.

"The Cameron Compress Company carried insurance on their plant and platform to the amount of \$125,000 and it is believed fully covers any loss.

"The insurance companies are already on the spot checking up the cotton burned and prompt settlement of all losses will be made as soon as they can be fully verified. Cotton will be paid for according to the grade and at the price cotton was selling at

HIGHWAY MEETING ROCKDALE TUESDAY

O. D. BAKER, SECRETARY, GIVES
NOTICE OF MEETING TO DIS-
CUSS CONSTRUCTION PLANS

O. D. Baker of Gause, Secretary of the East and West Highway Association, has announced a meeting to be held in Rockdale Tuesday, October 10 at 2 p. m. for the purpose of discussing the plans for constructing roads in this section.

The delegates will be guests of the Rockdale Chamber of Commerce of which H. C. Meyer is president. There will be delegates from Longview, San Antonio, and the chairman of the state highway commission will be present. Members of the Robertson County Commissioners' Court will be present as well as the court from Freestone and Leon counties.

Ex-Governor Campbell is expected to be there. The meeting will discuss the bridging of the Trinity river at the corner of Leon, Henderson and Freestone counties, and the bridging of the Brazos river in Milam county. They will also discuss the reorganization of the proposed Bankhead National Highway. Milam county and the Commissioners' Court are urged to be present.

In Houston at the close of the market Saturday, October 9th, less cost of freight on cotton to Houston.

"Cameron and our county has experienced its most disastrous fire involving in money more than all the fires every experienced in our little city, and yet after checking up in detail, it is found that the loss is fully covered by insurance except a bale now and then in the hands of individuals and the aggregate not amounting to more than 5 per cent on the cotton destroyed. The chief loss to the city and county will be in being forced to do without a compress the remainder of the season."

San Antonio, Texas, Oct. 13.—First bloodshed in connection with widespread efforts of night riders to keep cotton off the market until the staple is bringing forty cents a pound was reported yesterday from England, Ark. Tom Steel, a negro, employed as guard at a gin whose owner had received a warning to discontinue operations, was found shot to death.

The heaviest loss sustained since the night riders' campaign began is reported from Cameron, Texas, where the compress and warehouses of the Cameron Compress Company, and 7,000 bales of cotton were burned Sunday morning. The flame destroyed property valued at \$1,000,000. Some of the officials believe the fire was of incendiary origin and the authorities are investigating a report that an automobile driven at high speed was seen to leave the vicinity before the flames were discovered.

Two additional cotton fires were reported in Texas yesterday. The platform of the Farmers Union warehouse at Rockdale was discovered in flames, but the fire was extinguished. Several bales of cotton were reported destroyed in a fire at Thorndale.

State Fire Marshal Williams, who has been investigating fires in the northern part of Alabama, reported yesterday to Governor Kilby that the fire which destroyed a store at Hanceville last week was of incendiary origin, but the destruction of a gin in Morgan county and another in Tillman county was accidental.

Gins in Moulton, Ala., were idle yesterday after the operators had discovered warnings posted on them time Sunday night ordering them to close until cotton brought cents a pound and cotton seed \$40 a ton.

Every gin in Calhoun county, Ala., was posted Sunday night. The warning resulted in the calling of a mass meeting of the county branch of the American Cotton Association to discuss methods for protection. The warnings in this case were signed

FORDSON TRACTOR IS PUT TO SUPER TEST IN DEMONSTRATIONS

CHAMBER-HEFLEY MOTOR CO.
SPONSORS BETTER UTILITY
MOVE FOR FARM

Farmers and interested business men who witnessed the performance of the Fordson tractor on the D. B. Worcester farm last week are now thoroughly convinced that the farm tractor and especially the Fordson tractor is equal to any task and performs its work in a marvelous way no matter what the condition of the land or the amount of power required.

Recently the Chambers-Hefley Motor Company sold Mr. Worcester a Fordson tractor. Last week this tractor driven by an employee of the farm and instructed by the demonstrator was put to work in the heart of the river valley district where the Worcester farm is located. Due to overflows the land had grown a rank crop of weeds and Johnson grass and in its condition was quite beyond the possibility of utility by means of the old method of horse and plow.

Those who took advantage and went to the field to see the tractor in operation declare that the results obtained are almost unbelievable and the work of this tractor is nothing short of a revelation and an epoch to mark decidedly the transition from the old to the new methods of farming. The tractor not only was able to break the land with a minimum exertion but completely covered the weeds and vegetation which in many places had grown to a height of from eight to ten feet. The tract though valuable land is in the heart of the overflow tract and its problems of cultivation perhaps are as difficult as can be found in any farming district in Texas.

The demonstration or work done by the Fordson on the Worcester farm has resulted in a widespread movement among the farmers toward increasing farm facilities and to motorize their machinery. The work of this tractor is most convincing and those who witnessed the work marveled at the possibilities that are wrapped up in power facilities for farming.

Aside from the fact that no physical task on the farm is too great for the Fordson tractor is to be added the advantages of an increased production Monday and Tuesday nights. The handling soil the better the yield.

D. J. KUEBECKA MAY SURVIVE INJURIES

D. J. Kuebecka, Cameron cotton merchant, is in the hospital here, in a critical condition as a result of injuries inflicted Tuesday morning at the compress site when he was struck near base of the skull.

John Hause, employed at the compress was placed under arrest by Sheriff Blaylock following the trouble and placed under bond.

The trouble, it is said, started when Mr. Kuebecka was asked to leave an enclosure roped off where insurance men and compress men were adjusting claims. Mr. Kuebecka, it is said lost cotton in the fire which destroyed the compress. It is said Mr. Kuebecka refused to leave the enclosure when asked to do so and that the trouble started which resulted in his being struck near the base of the skull.

Mr. Kuebecka is well known as a cotton merchant. He was rushed to the hospital where an operation was performed requiring more than three hours. Parts of the skull were removed and replaced in an effort to save his life.

At noon today he was resting as well as could be expected in view of the seriousness of the wounds.

(Continued on page 4.)

Mr. Joe Lindsey of Maysfield spent Sunday afternoon in Cameron.

Raymond Wingo and Newt Drury of Jones Prairie, spent Sunday evening in our city.

V. L. White of Maysfield was in Cameron Monday.

W. E. Vaughn of Maysfield was a Cameron visitor Saturday.

Mr. Eugene Burnett of Jones Prairie was in Cameron Sunday.

Mr. Henry Reaves of Ben Arnold, motored to Cameron for a short stay Sunday.

I have Lipton's, Tokay and Ladies' Club Teas. Giles L. Avriett.

Mr. E. W. Pool of Jones Prairie, is in Houston attending the Reunion and visiting in the home of Mr. O. J. Poole and Mrs. Minnie Glazener, whose former home was at Jones Prairie.

Mr. and Mrs. Ed F. English of Cameron are attending the reunion in Houston.

Col and Mrs. J. N. Bradshaw of Orlando, Florida, were visitors in Cameron this week. Their many friends were glad to see them once again. Col. Bradshaw was once president of the First National Bank at Cameron.

Mr. Walter Dossett of Waco was a Cameron visitor this week.

Mr. A. J. Dossett of Waco, was in Cameron this week in the interest of his compress that was burned last Saturday night.

Mr. W. H. Hurry of Yarrellton, was in Cameron Wednesday.

Mr. S. T. Burnett of Jones Prairie, spent Sunday evening in Cameron.

Mr. H. L. Yager of Maysfield was a business visitor in Cameron Monday.

Messrs. Ralph and Alfred Walston and J. F. Miller motored to Port Sullivan, and while there they attended the Baptising that took place near the crossin of the Brazos river.

Mr. Edgar Wilson and G. T. Moore motored to Bartlett Sunday evening.

Every variety Campbell's Soups. Giles L. Avriett.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County.—Greeting:

You are hereby commanded to summon Adiline Mills by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November 1920, the same being the 2nd Monday in November 1920 then and there to answer a petition filed in said court on the 13th day of September 1920, in a suit, numbered on the docket of said court No. 8266, wherein Louis Mills is plaintiff and Adiline Mills is defendant said petition alleging: Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 13th day of September A. D. 1920.
PENN WOLF,
Clerk of the District Court, Milam County Texas. 20-4t

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacideste

Mr. H. L. Atkinson of Maysfield, was a business visitor in Cameron Monday.

Mr. Charlie Parcus of Rosebud was in Cameron Sunday evening.

Heinz Catsup and Horse Radish. Giles L. Avriett.

Miss Delphia Scott left Saturday for Marlin where she has accepted a position. Miss Delphia will be greatly missed by her large circle of friends in her home town and they all wish for the greatest success in her new home.

Fresh shipment Maraschino Cherries. Giles L. Avriett.

Mrs. W. M. Hanna of Temple has been in the daughter visiting her daughter, Mrs. Slocumb.

Mr. Grady Barrett of Ballinger, returned home Sunday after a few days' visit with relatives here.

Mr. Allen Mowdy of Buckholts was in Cameron Saturday.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

60c at all dealers. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

The actual Value of the Little Studebaker Six

Has never been so clearly
recognized as it is right now

A market such as this always
brings in sharp relief values that
are really sound.

It shows which cars are over-
priced and which cars are worth
every dollar asked for them.

It makes plain just how low
priced the Studebaker Six is in
comparison with those cars
which even approximate it in
cost. The soundness of Stude-
baker policies has been demon-
strated.

We have on hand some new
Studebaker Little Six Cars—
and will be glad to demonstrate
these to you.

Mr. and Mrs. Bob Fuller of Yarrellton was in Cameron Sunday.

Mr. and Mrs. H. Lindsey of Branchville, were shopping in our city on Tuesday.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Mr. Frank Mondrick returned home this week after a trip with the W. E. Stewart Land Company to the Rio Grande Valley. Mr. Mondrick is enthusiastic over the possibilities of the land, which is adequately irrigated from the waters of the Rio Grande River. Great orchards of grape fruit, oranges and lemons, abundant fields of corn, Rhodes grass, alfalfa are everywhere in evidence. Mr. Mondrick was particularly pleased with the abundant cotton crop in the valley, estimating the yield at a bale and three-quarters to two bales to the acre. Mr. Mondrick is contemplating another trip to the Rio Grande Valley at an early date in company with several of his friends, at which time they expect to acquire some of this land.

Messrs. Lochrane Hilliard of Troy, Ala., and Joe Dixon of Goldthwaite, relatives of Judge Watson, Dr. Watson and Mr. T. F. Hardy, are visiting in these homes after attending the Veterans' Reunions at Houston.

Mr. E. A. Flinn of Cameron left Sunday evening for Bishop, where he will spend the week looking after his farm.

Mr. E. M. Boyd of Walkers Creek, was a business visitor in Cameron Saturday.

Mr. J. D. Martin and family spent Saturday in Cameron with Mrs. R. G. Vaughn.

Parma wants your Grocey Business.

Mr. Edgar Yager of Jones Prairie, was a visitor in Cameron Monday.

Miss Ethel Pool of Houston spent the week end with relatives in Cameron and Jones Prairie.

Parma wants your Grocey Business.

Mr. Rodney Anderson of Clarkson, was in Cameron Sunday.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Mil-
lam County,--Greeting:

You are hereby commanded to sum-
mon Tinnie House by making publi-
cation of this citation once in each
week for four successive weeks pre-
vious to the return day hereof, in some
newspaper published in your county,
to appear at the next regular term
of the District Court of Milam Coun-
ty, to be holden at the courthouse
thereof in Cameron, on the 8th day of
November 1920, the same being the
2nd Monday in November 1920, then
and there to answer a petition filed in
said court on the 22nd day of Septem-
ber 1920, in a suit, numbered on the
docket of said court No. 8015, wherein
Arthur House is plaintiff and Tinnie
House is defendant, said petition al-
leging: The statutory grounds of
three years' abandonment.

Herein fail not, but have before said
court on the said first day of the next
term thereof with your return there-
on showing how you have executed
the same.

Witness, Penn Wolf, Clerk of the
District Court of Milam County, Tex-
as.

Given under my hand and the seal
of said court, in Cameron, this the
day of September A. D. 1920.

PENN WOLF,
Clerk of the District Court, Milam
County.

(Continued from first page.)

"Committee of One Hundred."
Gins in Douglas and surrounding
counties in Georgia have been posted
and Sheriff Baggett of Douglas coun-
ty has offered a reward of \$300 for
the arrest of the guilty persons. No
gins have been destroyed in Georgia
thus far. Warning appeared in a
previously unaffected section of South
Carolina yesterday, Governor Cooper
having been advised that a gin near
Bishopville, in Lee county, had been or-
dered to close.

Rockdale, Tex., Oct. 11.—At 12:30
o'clock Sunday morning fire was dis-
covered by the city nightwatchman
on the cotton platform of the Farm-
ers Union Warehouse Company, where
several thousand bales of cotton
were stored. The fire was extinguish-
ed with the damage of only two bales,
due to prompt action of the night
watchman.

At 2:30 a. m. the Rockdale fire de-
partment was again called out by a
call for help from the city of Cameron,
where fire said to be of incendiary or-
igin destroyed the Cameron Compress
and 7,000 to 10,000 bales of cotton
stored therein. The Rockdale auto
fire truck made the 17 mile run to
Cameron in 33 minutes.

WEEMS MILL AND BRANCHVILLE GIN DESTROYED.

Waco, Texas, Oct. 12.—Fire last
night destroyed the Gibson gin plant
at Branchville, 12 miles east of Cam-
eron, with a loss of \$12,000 and the
Weems grist mill adjoining the
Weems gin, with a loss of \$2,000, ac-
cording to reports reaching here.
Neither plant was covered by insur-
ance.

A. J. Dossett, owner of the com-
press destroyed at Cameron Sunday
morning upon his return from that
place tonight said he found depart-
ment of justice agents and the state
fire marshal investigating the fire.

"If gins are to be burned and cot-
ton yards molested," Mr. Dossett
said, "it will have the effect of bring-
ing the price of cotton down. Insur-
ance companies will either cancel or
reduce insurance on cotton and this
will make it impossible for the banks
to loan money on it, thus the farm-
ers will be the sufferers."

Fort Worth, Tex., Oct. 12.—The gin
of G. B. Moore at Pursley, Texas,
burned last night and is believed to
have been of incendiary origin. The
loss is \$6,000.

Washing, Oct. 12.—Federal prosecu-
tions of "night riders" and others
responsible for the burning of cotton
and cotton gins in the southern states
will be ordered if an investigation
started today discloses violation of
any federal laws.

Department of justice agents have
been instructed and report immedi-
ately instances where federal laws ap-
pear to have been violated.

In most cases officials believe the
outrages have constituted crimes only
under state laws but the investiga-

tion was ordered when it was indi-
cated there might have been interfer-
ence with interstate commerce.

San Antonio, Texas, Oct. 13.—The
United States Government is to take
a hand in the reported wholesale
burning of cotton gins and compresses
in various parts of Texas by so-called
organizations of "night riders."

This fact became known today with
the dispatching to Cameron, Texas, of
several United States Department of
justice agents with instructions to de-
termine whether a fire destroyed a
compress and 5000 bales of cotton
there Saturday night was of incendi-
ary origin. If the fire was the work
of "night riders," the Department of
Justice agents are under instructions
to run them to earth and arrest them.

Simultaneously, it is reliably re-
ported, Department of Justice agents
are working on several other gin and
compress fires of recent origin in dif-
ferent parts of the State and it is
rumored that arrests are near in at
least two localities where cotton fires
followed the receipt of warning from
"night riders."

Participating in the Government
investigation with Department of Jus-
tice agents is also said to be another
Government investigating bureau.

According to telegraphic reports
received here today from Cameron,
Texas, the Cameron Compress was
fired by a man who sped away in a
high-powered automobile. The 5000
bales of cotton destroyed in the fire
belonged to cotton farmers living in
the vicinity of Cameron, who had dis-
regarded frequent warnings, mysteri-
ously sent out by so-called "night
riders," ordering them to withhold
their cotton from the gins until the
price had reached 40 cents per pound.

According to United States Depart-
ment of Justice heads here, agents of
that organization were sent to Cam-
eron in the belief that the fire there,
which caused a loss estimated at \$1-
000,000, is the work of one big organi-
zation which extends over the entire
State, or else of a small local organi-
zation formed in "sympathy" with the
depredations of "night riders" in
other localities.

During the past 30 days more than
a score of gins, compresses and cotton
warehouses have been burned in fires
of mysterious origin. The loss invari-
ably followed the sending of warn-
ings to farmers not to sell their cot-
ton until higher prices were offered.

Department of Justice agents known
to be investigating at least a half
dozen of these fires have found only
one instance in which the conflagra-
tion could be traced to purely acci-
dental causes. This was in one of
two recent fires at Corpus Christi
when several freight cars loaded with
cotton was destroyed.

At Sinton, Kingsville and several
other southeastern Texas points where
other Southeastern Texas points
where fires have occurred recently, it
is rumored that arrests of alleged
"night riders" by Government agents
are imminent.

In addition to the \$1,000,000 compress
fire at Cameron yesterday, several at-
tempts to fire gins in other places
were recorded. At Hamlin, Texas, a
warehouse filled with approximately
half a million dollars' worth of last
year's cotton was set on fire but the
blaze was discovered and extinguished
by citizens who acted as volunteer
firemen before it did much damage.

The theory of Government agents
that the "night rider" fires emanate
one big organization or from a score
of small organizations working in
conjunction with each other is based
on the similarity of warnings receiv-
ed by cotton farmers in many parts
of the State. These warnings are
said to be practically identical as to
wording. In most cases they have
tacked on the doors of farm houses
in the night and were not found until
daylight the next morning. Instead
of using horses, the alleged "night
riders" are reported to flit about from
place to place in fast, high-powered
automobiles.

"Facts gathered by Department of
Justice agents, if they show that the
frequent compress and gin fires are
part of a program of intimidation by
any organization, will be laid before
the Federal grand jury and indictments
sought," declared Louis A. De Net-
te, in charge of Department of Justice op-
erations for the district of Texas, Ari-
zona and New Mexico, today. "We
have several recent gin fires under in-
vestigation and in most cases have
concluded that they were not of acci-
dental origin."

Mr. V. Z. Nolen of Galveston was
a business visitor in Cameron last
Tuesday.

Mr. A. R. Huse of Waco was visit-
ing in Cameron last Tuesday on busi-
ness.

NOTICE

All my mules and horses are branded
a figure 7 or a figure 11 on the jaw
any my cattle are branded with a circle
around the knuck bone on left hip. I
will very much appreciate it if any one
finding any cattle or horses and
mules with this brand will promptly
notify me, so that I may take steps to
put them up. R. L. Batte. 24-4t.

Mrs. J. D. Hefley, Sr., is visiting
Mr. and Mrs. J. D. Hefley, Jr., in
Thorndale this week.

Mr. H. E. White and wife of Fort
Worth were visiting in Cameron last
Tuesday.

Cameron is to lose one of her young
business men this week. Mr. Clyde
Franklin and wife will move to Rock-
dale, where Mr. Franklin will have
charge of the Gaither Garage. Mr.
Franklin is recognized as a young man
of ability and he is bound to rise. He
and his wife will be greatly missed
by their friends here, but we wish for
them all the success possible.

COAL

Coal has been mighty hard to get all this
year, and the outlook is that it will be still
harder to get as the Winter advances. We
have three cars of

Genuine "Colorado Niggerhead"

Lump and Nut Coal now on the way, out of
which we will have about twenty tons to
spare that are not covered by prior orders.

If You Need Coal

and have not placed your order, we suggest
that you phone us promptly. We will do
the very best we can to take care of your
orders.

CAN YOU AFFORD TO WAIT?

Jeter Lumber Company
Cameron, Texas

Auditorium Theatre

Notice to the Public

We will open our new theatre Thursday night at seven o'clock.
We have been working hard for six weeks fixing things for your
amusement, entertainment and instruction.

Our work is not finished, but we will be ready for you to come
and see what we have done.

You will be able to see a complete Paramount program at the
Auditorium. These are the best and highest priced pictures
shown anywhere at any price.

We will open with Georges Carpentier in the Wonder Man,
Thursday night, and will show it again Friday. This is a Rob-
ertson-Cole Production.

We will show a Robertson-Cole Feature every Thursday. All
other pictures will be Paramount, Artcraft and Reel Art, all
Paramount pictures.

Our Seeburg pipe organ has been ordered from Chicago, and will
get here as soon as the railroads can bring it. In the meantime
we will have piano music.

Miss Erma Muse will be ticket seller and cashier. No tickets
will be sold unless there is a seat for the purchaser. There will
be no standing inside the theatre.

It is our intention to operate a clean, high class, orderly motion
picture theatre, with first class productions, where the best peo-
ple will delight to attend.

Prices will be 10 cents for children under twelve and every child
that can walk must have a ticket. 25 cents for grown folks, in-
cluding war tax.

Auditorium Theatre

L. C. Boyd, Manager.

APPEAL WILL BE TAKEN TO SUPREME COURT

Austin, Oct. 8.—The Third Court of Civil Appeals today affirmed the decision of District Judge Ireland Graves, which denied the application of A. T. Morris of Bastrop County for a permanent injunction to restrain the Texas Secretary of State from certifying the names of American Party candidates for a place on the ballot for the November election.

Austin, Oct. 8.—The temporary injunction issued by the Third Court of Civil Appeals restraining the Texas Secretary of State from certifying the names of candidates of any political party on the official State ballot in the November election, was dissolved late today when the Court affirmed the decision of District Judge Ireland Graves, which denied the application of A. T. Morris of Bastrop County for a permanent injunction to restrain the Secretary of State from certifying the names of the American Party candidates for a position on the ballot, upon the contention that that party had not complied with the Texas election laws.

Attorney for Morris announced that they had not decided whether they will ask for a hearing.

To get rid of worms in children give them White's Cream Vermifuge. The little sufferer improves at once and soon becomes healthy, active and robust. Price, 35c. Sold by Pace-Marshall Drug Company.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

We have just received a car of U. S. Army Wagons. If you need a wagon be sure and see these before buying.—Henne & Meyer Co. 19-21

OPINION ON LIQUOR LAWS MUST STAND

Washington, Oct. 11.—The Supreme Court refused today to reconsider its decision of last June 7, sustaining the validity of the prohibition amendment and provisions of the enforcement act.

The rehearing had been asked in petitions by Christian Feigenspan, a brewer of Newark, N. J., and George C. Dempsey, a wholesale liquor dealer of Boston, Mas.

Rehearing of the Feigenspan case was sought on the ground that the court failed to state the reason of its conclusion in holding the amendment valid, that inadequate time had been allowed and that the court's construction of the amendment relating to "concurrent power" made Congress' authority practically paramount and nullified the effect intended by the Senate and House.

The Dempsey petition was based on the claim that neither the amendment nor the enforcement act was intended to prohibit the manufacture or sale of beverages containing small quantities of alcohol where such beverages were not in fact intoxicating.

WEST AND SOUTH WILL GAIN MOST BY COUNT

Washington, Oct. 8.—Examination of the final census figures of the country, which place the total population of the continental United States at 105,683,108, indicates that the West and South proportionately will gain more in a political way than the East or Middle West, through increased membership in the House of Representatives, more votes in the electoral college and in larger delegations to the national political conventions.

This result will obtain, whatever basis of apportionment is adopted by Congress next Winter, fixing the size of the next House, which in turn is reflected in the electoral college and the conventions of the big political parties.

As a result of the increase of 13,710,842 in population during the last ten years, fifty new seats must be added to the House to prevent any State from losing any part of its present representation. Should the present membership of 435 be left unchanged by increasing the basis of apportionment, there will have to be a transfer of thirteen seats, now held by twelve States, to nine other States.

For the past half a century the precedent has been to increase the size

of the House and if this precedent is followed this year five additional Representatives' seats must be given to California, four each for New York, Ohio, Pennsylvania and Michigan, three to Illinois and Texas, two to Massachusetts, New Jersey and North Carolina, and one each to Alabama, Arizona, Connecticut, Georgia and Maryland, Montana, New Mexico, Oklahoma, Oregon, Washington, West

Virginia, Wisconsin, Virginia, Arkansas and Minnesota.

While the present basis of apportionment is 211,877 inhabitants or its major fraction to the Congressional district, Congress can increase the basis to 219,427 without causing any loss.

Bright 43 per cent new meal at Oil Mill, \$2.60 per sack.

For skin eruptions, rash, chafed skin, prickly heat, chigger bites and stings of poisonous insects, Ballard's Snow Lintiment is an effective application. It heals quickly. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace-Marshall Drug Co.

Fordson Farm Tractor

It is a habit of Henry Ford to thoroughly try out any product he manufactures before he puts it on the market. He personally must know it will do all he wants it to do before he will allow anybody else to buy it. For thirty-five years he worked on this Fordson Tractor. He kept buying land until he had something like eight thousand acres in order that he might get a great variety of soil conditions containing the plowing problems that meet the farmers of the world, and then the Fordson was put to work and made to take all sorts of practical tests for years before Mr. Ford put it on the market.

And, therefore, when it came on the market, it was right, it was reliable, it would do the work he said it would do. People have bought it, have tried it out, have tested it, and it has proven to be all that Mr. Ford claims it to be, and this is why that while farm Tractors have been on the American market more than twenty years and while three hundred thousand have been sold one hundred thousand of that three hundred thousand are Fordson Tractors, and yet the Fordson has only been on the market two years.

It has sold rapidly because when one farmer bought one, he practically converted the neighborhood to the desirability and profit of the Fordson Tractor on the farm.

The Fordson is made small, compact, flexible, dependable. It is made to be much more convenient to handle than a horse. It was made so that anybody of ordinary common sense could operate and take care of it. We wanted to make it so that a mechanic would not have to be sold with every Tractor. It was made by a farmer for a farmer, and it has the endorsement of the farmers—the little farmer and the big farmer. Some farmers have one, some farmers have ten and fifteen, and one farmer we know has fifty-six. It works just as well in the West as it does in the East. It is just as flexible in the North as is the South. It is just as profitable in the wheat field as it is in the sugar and rice fields. It is just as flexible and useful on the fruit ranch as it is among the fields of oats and barley. It is just as useful and profitable in the lumber camp, railroad yard, coal mine, as it is in the oil fields or any other commercial line. But especially designed for the farmer, it is especially his necessity.

Because it increases the production of every acre by enabling the farmer to cultivate his ground to better advantage than he can with mule or horse-power. It takes the sting and drudgery out of farm work. It is a great conservator of labor expense. Oh, it has so many money-saving advantages that the farmer can't do without it and be progressive and make money.

So we ask every farmer to come in and let us tell him more about this Fordson Tractor. Let us make a demonstration for him on his own farm. Let us test it out to his soil conditions. Let's show him.

Don't delay because there are only so many Fordson Tractors to come to this territory. Get your order in now, and remember that the Fordson after service is prompt and sure. We are supplied with everything necessary to keep your Fordson going every day in the year. Come in and let's talk it over.

THE FIRST NATIONAL BANK
Cameron, Texas

CHAMBERS-HEFLEY MOTOR CO.
CAMERON, TEXAS

GAIN IN LAST 10 YEARS IS 17,975

Washington, Oct. 8.—Texas has the largest number of farms of any State in the Union, 436,666 being the number credited to that State by the 1920 census, according to figures made public Friday by the Census Bureau.

This is an increase of 17,975 since 1910, or 4.3 per cent.

Nevada has the smallest number of farms, the number being 3,164, an increase of 475 since 1910, or 17.7 per cent.

Montana gained the largest number of farms during the 1919-1920 period, and New York lost the greatest number during that period. The Western State, according to the 1920 census returns, has 54,441 farms, an increase since 1910 of 13,370, or 119.1 per cent.

The returns for New York show that the Empire State has 193,060 farms, a decrease since 1910 of 22,537, or 10.5 per cent.

TEXAS IS FIRST IN NUMBER OF FARMS

Washington, Oct. 8.—Texas again leads all Southwestern states in population. A study of the population figures issued by the Census Bureau showed today a decided movement of the people from the farms to cities and from cities to the West. Every state showed gains, however, with the exception of Nevada, Mississippi and Vermont. New York, of course, had the largest population again.

Texas stood fifth on the list, being preceded by New York, Pennsylvania, Illinois and Ohio. She was followed by Michigan and California, with Missouri ninth and New Jersey tenth. Oklahoma was twenty-first on the list and was second in population of the Southwestern states. Kansas was twenty-fourth, just nosing out Arkansas. New Mexico was forty-fourth, with Arizona forty-sixth. Nevada brought the rear ranking forty-ninth, as the District of Columbia was given forty-second position.

The census shows that Texas has the reatest number of farms of any state in the Union, with 436,666, a gain of 972, or 4.3 per cent, compared with ten years ago and an increase of 83,000 compared with 1900.

SAN ANGELO TO GET RECOUNT OF CENSUS

San Angelo, Texas, Oct. 11.—A recheck of the 1920 census, which gave this city a population of only 9,392, is in progress, the census bureau at Washington having granted a request by the Board of City Development that a list of persons who were absent from home in January be permitted to be compiled.

Within a few hours after this announcement thirty-seven names were turned in. A mass meeting was held during the afternoon and canvassers were appointed to visit every house which according to the census takers' records, was vacant early in the year. Six hundred and eight residences were found to be unoccupied at that time.

The Board of City Development, in its appeal to Washington, pointed out that hundreds of persons were absent from their homes in January, many of them being in the cotton fields and on the rivers gathering pecans. Officials believe that the recount will be sufficient to replace San Angelo in the 10,000 population class, large increases since 1910 being shown in the number of people served by mail carriers, in bank deposits, in the number of homes, hotels and rooming houses built and in water, light and telephone connections made.

Mr. Park, sanitary engineer from Austin who recently inspected Cameron in behalf of the work of the anti-malaria campaign, made a very pleasing report to the State Board of Health at Austin. Director Culver has received another letter complimenting us on our work, and the results we have obtained. There has been some mosquitoes in some localities about town. There have also been some premises where the owners did not carefully guard against mosquito breeding, consequently we have a few mosquitoes. As Mr. Culver has stated before he can take care of the public places. But he must have the co-operation of the people in taking care of their premises. Do not give up this good fight now that cold weather is almost here. We have a few more weeks of good mosquito breeding weather, so let's fight him to a finish. Don't fail to swat the mosquito, do not only fight him out of the house, fight him out of the yard, by getting rid of those tin cans, that barrel, or anything else that may be holding useless water.

By the 1st of November we will publish a statement showing where every dollar of money subscribed toward this campaign has been spent.

AMERICAN PARTY NOMINEES

To Will T. Yates, County Clerk of Milam County, Texas:

We, Gus Williamson, chairman of the American Party of Milam County, Texas, and R. M. Moorman, secretary of the American Party of Milam County, Texas, do hereby certify that the following named persons were duly nominated for the respective offices preceding their names by the accredited and qualified delegates of the American Party of Milam County, Texas, selected and elected by the voters of the various voting precincts of Milam County, Texas, to represent them and their said voting box at the County Convention of the American Party held in the Court House at Cameron, Milam County, Texas, Saturday, July 31, 1920, namely:

For County Judge, J. B. Swanzy.
For County Clerk, M. E. Fisher.
For County Tax Assessor, Cleve McCall.

For Tax Collector, True Loftin.
For County Commissioner of Commissioners' Precinct No. 1, Milam County, John W. Barrett.

For County Commissioner of Commissioner's Precinct No. 2, Milam County, J. L. Brod.

For County Commissioner of Commissioner's Precinct No. 3, Milam County, Texas, J. E. Cherry.

For Justice of the Peace of Justice's Precinct No. 3, John Hairston.

For Constable Justice's Precinct No. 3, Jack Gunnels.

For Constable Justice's Precinct No. 4, J. H. Butler.

For Public Weigher, Justice's Precinct No. 4, B. Holowell.

For Justice of the Peace, Justice's Precinct No. 6, Milam County, Texas, J. F. Wendt.

For Constable Justice's Precinct No. 6, Milam County, Texas, Clyde Chapman.

For Public Weigher, Justice's Precinct No. 6, Milam County, Texas, W. H. Little.

And will you cause the names of the nominees hereinafter mentioned to be printed upon the official ballot for the general election to be held in Milam County, Texas, November 2, A. D. 1920, as candidates upon the ticket of the American Party for the offices for which they are shown to be nominated by this certificate as is provided in the manner determined by

the executive committee for the American Party of the State of Texas and as is provided by the executive committee of the American Party of Milam County, Texas and according to law in such cases made and provided.

G. L. WILLIAMSON,
Chairman of the American Party of Milam County, Texas.

R. M. MOORMAN,
Secretary of the American Party of Milam County, Texas.

State of Texas,
County of Milam.

We, Gus Williamson and R. M. Moorman do solemnly swear that Gus Williamson is the duly elected qualified and acting chairman of the American Party of Milam County, Texas, and that R. M. Moorman is the duly elected qualified and acting secretary of the American Party for Milam County, Texas, and that the above named persons are the nominees of the American Party for the respective offices mentioned opposite their names and in connection therewith and that the same are certified to the County Clerk of Milam County, Texas, as nominees of the American Party and for the purposes set forth in the foregoing certificate.

GUS WILLIAMSON
R. M. MOORMAN.

THE MAN WHO SAVES YOU MONEY.

A Simple Plan

By the simple plan of spending less than the income and saving regularly, it is possible to create fund which will create an income.

Thus, careful spending adds to buying power. And a good way to learn to spend is to adopt the "budget system;" that is, to lay plans for spending and to include an account in the bank. We appreciate your business, prompt and courteous attention to every one.

 + Miss Audrey Criswell +
 ++++++

Buckholts, Texas, Oct. 12.—The Buckholts Public School opened Monday with ninety-three pupils in attendance. Many of the pupils will not enroll until they have helped gather the crops. F. O. Favre was present for the chapel exercises and delivered a splendid talk. A number of the patrons of the school was also present for opening exercises.

Mr. J. O. Hughes moved last Thursday from Pettibone to this place. He is domiciled in the home recently vacated by Mr. and Mrs. E. H. Geistmaññ.

Mrs. M. M. Raney returned the latter part of the week to her home in Denison after spending several days here visiting relatives.

Mr. and Mrs. Fred Smith of Port Sullivan were here during the weekend to see her sister, Mrs. J. Z. Young.

Mrs. W. H. Doggett and children and Mrs. Claude Loftin and daughter, Miss Vera were in Temple Saturday to shop.

Mr. and Mrs. John Lupton were in Cameron Saturday evening.

Reverend F. O. Favre held services at the Methodist church Sunday morning and night.

Mr. and Mrs. A. C. Black of Jones Prairie were here the last part of the week to visit her parents, Mr. and Mrs. M. N. Hitt.

Mr. John Buck of Hicks was here this week to see his family.

An interesting meeting of the United Cotton Growers' Association of America was held at this place Friday night. There was a goodly number of farmers and also a number of business men in attendance. Interesting and instructive talks were made by the following gentlemen: Messrs. D. C. Dove, Ike Looney and Dial. The purpose of the meeting was to organize a local and to interest and secure as many new members as possible.

The following were Temple visitors last week: Messrs. J. R. Slovacek, George Goree, Vance Hopkins and Cecil Criswell.

Mrs. N. R. Norman returned several days ago from Ardmore, Oklahoma

where she has been visiting her daughter for some time.

Mr. and Mrs. T. F. Criswell, Mrs. Eudora Lupton motored to Waco Sunday to spend the day. They were joined at Rogers by Erwin and Clayton Guess.

Miss Agnes Kelly, representing Holland's Magazine was here Monday to organize a Holland's Magazine Club in the school. The pupils are very much interested in the work of securing new subscribers to the magazine. With the money thus earned they expect to purchase apparatus for the school ground.

Mrs. J. C. Williams of Denison is here to see her parents, Mr. and Mrs. F. G. Raney. We are very glad to report that Mrs. Raney is much improved since her recent illness.

Mr. John Meyers made a business trip to Cameron Monday.

Mr. M. N. Hitt was a Rogers visitor Saturday.

Mr. W. D. Tomerline had the misfortune of losing his barn last week by fire. The contents of the barn, consisting of one hundred and fifty bushels of corn, all his harness, and a quantity of hay, were completely destroyed. The origin of the fire is unknown.

Mrs. Orsage who resides in the Corinth community has been very ill for several days with malaria fever.

A jolly motor party left here Sunday morning immediately after Sunday school for Salado, where a most enjoyable day was spent at the park at that place. It was several hours after the usual hour that lunch was spread so this and the long cross country ride probably accounts for the ravenous appetites of the crowd. All the good things one can mention were there in abundance, including fried chicken, salads, pies, sandwiches, deviled eggs, cakes and relishes. After lunch the party amused themselves by exploring the old town and walks along the beautiful stream that runs through the park. The group broke up late in the afternoon and returned home by varies and divers routes. All eventually reached home before morning, even if Mr. and Mrs. Coley did have to be towed in. The personnel of the party included: Mr. and Mrs. S. M. Corley and son, Mr. and Mrs. W. E. Coley and children, Mr. and Mrs. Dee Fikes and son, Mrs. Rector and

daughter, Mr. and Mrs. H. H. Harris, Mr. and Mrs. Alex Henderson and son, Mr. and Mrs. E. J. Kahler and son and Misses Leola Custard, Gladys Harris and Audrey Criswell and Messrs. Laurence Swanzy and George Goree.

Mr. and Mrs. Frank Stach were in Cameron Monday.

Since the recent disastrous fire at Cameron there has been a steady stream of wagons loaded with cotton being carried by the farmers to their homes, from the cotton yard and warehouse. Many others have applied for insurance for their cotton.

Mr. Eilmer Horstmann left Monday for Smithville to be gone for several days.

—o—
 FIRST METHODIST CHURCH

The subject Sunday morning at the Methodist Church will be: "When the Storm Broke." The subject Sunday evening will be: "The Fool's Vineyard." The service in the evening will begin hereafter at 7:30. The Sunday School meets at 9:34 a. m. The League meets at 6:45 p. m.

We have employed Mr. Paul Medsker, who teaches violin in the school, to play at the church morning and evening. He is also training an Orchestra which will assist with the music and this promises to be quite a feature of interest. Last Sunday was their first appearance but they will be present regularly hereafter.

The Big Price Cut Has Come

Klawansky Slaughters Profits

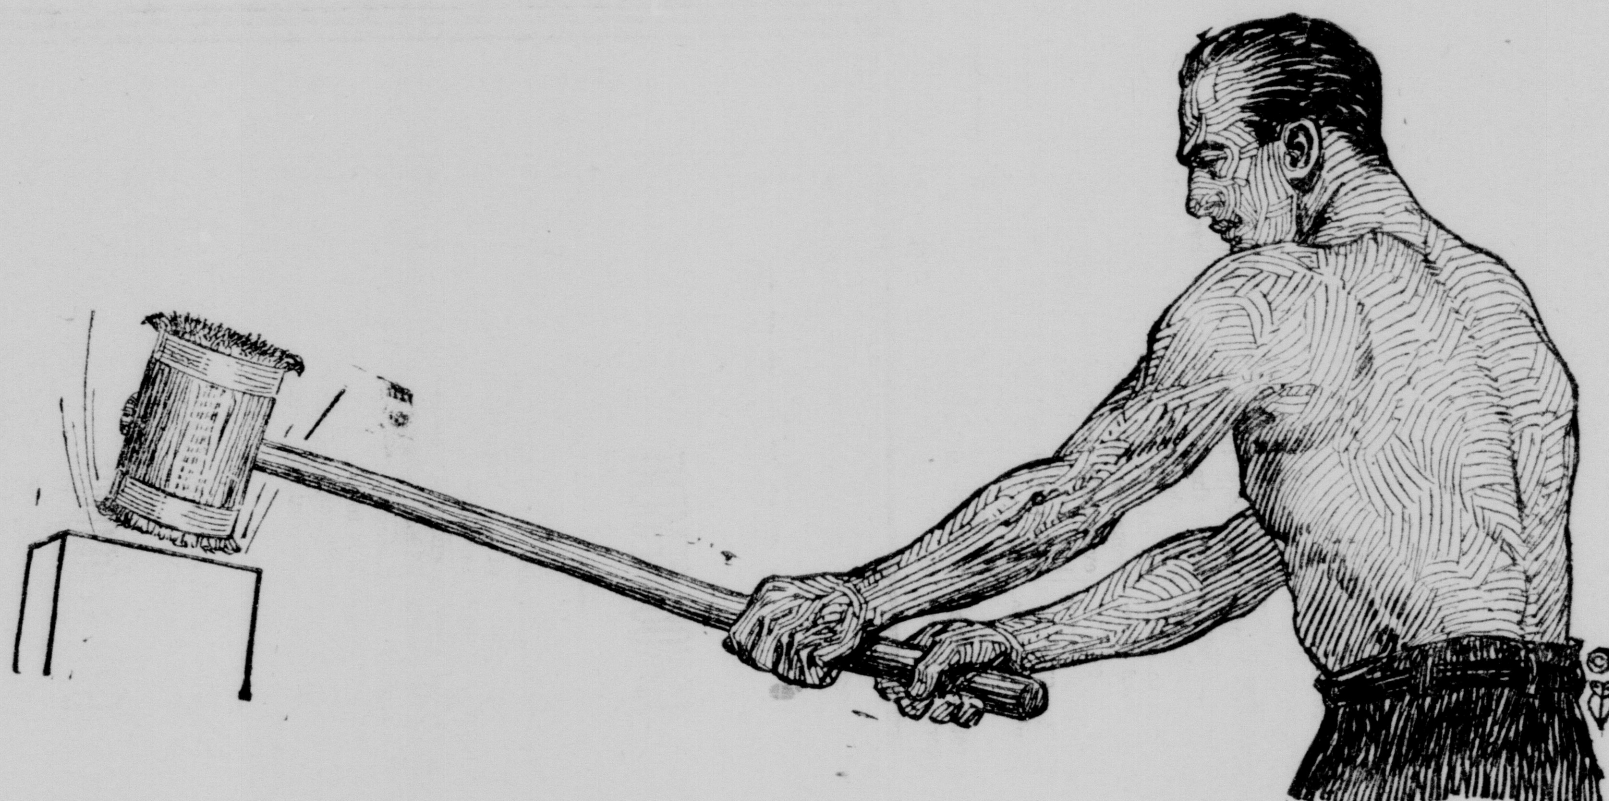

We are face to face with the most critical situation that ever has confronted the retail merchant in the history of the South. Why should we deny it? Goods are going down—the bottom dropped out of cotton prices, and we have a big stock of merchandise that we bought, anticipating a lively Fall business. We are not able financially, to wait for things to get better. We have to do business and keep our stock moving—if not at a profit, then without a profit—or at a loss, if necessary to take it, and we have decided to take our medicine. This is your opportunity to buy Fall Goods profitably.

Reductions On Everything In Our Store Today In Order to Convert the Goods Into Cash Money

Take Notice!

If you will carefully read your daily newspapers, and look through reports furnished by the Government, you will find that prices in the wholesale markets have declined very little on manufactured products, except in cases where the selling price asked was more than conditions warranted. There will be no big slump in prices, and declines will be very gradual whenever they come.

WE OFFER THESE INDUCEMENTS IN ORDER TO
RAISE MONEY

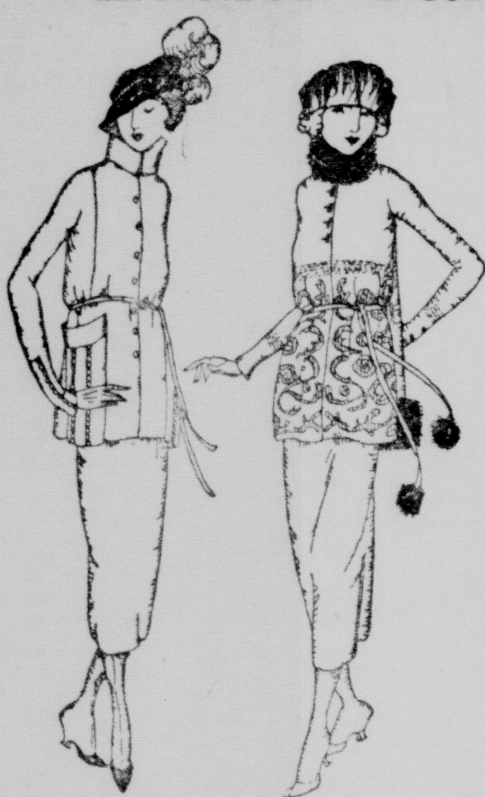

Do It Now!

There will be no lower prices than these, and if you don't care to take our word for it, look up what government reports say regarding price conditions. Before merchandise can be sold any cheaper, costs of manufacturing will have to be reduced, and they are higher at this time than they ever were. Be wise, and buy all you need, before the scramble for merchandise begins.

WE HAVE TO RAISE CASH MONEY, THEREFORE
THESE BIG REDUCTIONS

A Smashing Blow at the High Cost of Living---The Price Slaughter Begins Saturday Mornina. October 16th

Ladies' Suits, Coats and Dresses Reduced

Garments that represent the best there is to be found—whether you speak of style, quality, or moderateness of price.

CAM-HI NEWS

EDITORIAL FOR HIGH SCHOOL STUDENTS

There is no inspiration in inactivity. To the worker comes enthusiasm and joy. The digger is the youth who lives. He may strain his back or his eyes may get tired, but he is happy in the pleasure of accomplishment, realizing that each moment he may learn something of worth.

If you would have a knowledge of the hidden treasures of books, learn how to dig for them, and dig early and late. Things worthwhile are worth working for. Think of the gold and diamonds dug out of the earth, and know that books may offer treasures as valuable. If you want to get rich things out of life—dig for them.

FRIDAY'S GAME

In discussing the football game of last Friday, it may be said that Cameron "went through them." Owing to the swiftness of our backfield, and the efficiency of our quarterback, Porter Stevens, Cameron was able to run up a score of 68 to 0. In the last three quarters Cameron did not try to score in the last quarter, but kept the ball in Rosebud's territory. The end runs of our fullback as well as the open field running and sidestepping of our quarterback are evidence of good material on the team. The whole line did good work on line plunges and punts. The whole team played extremely well.

WHAT IS CLASS SPIRIT?

During the present term, we the student body of Cameron High School, must work harder than ever to show true class spirit in any way and at all times. This is one of the greatest factors of our school life, and in order to do this, we must understand what class spirit is.

Class spirit can especially be shown in our class work. Each class as a whole should try to excel the others, and here class spirit is necessary. Every student should take a very interest in the standing of his own class. His lessons should be accurately attended to, and his conduct in class unexcelled.

Each class should co-operate while in the study-hall in trying to make good conduct and studiousness overrule misbehavior and idleness. This spirit is a sign of both refinement and development of high ideals into the school.

Furthermore, class spirit is necessary in our athletic life. We must show the opposing side what we stand for and what we intend to do. We must prove by our actions that we stand for right under all circumstances and at all times. Let's have a yell leader, and some stirring yells!

A SURPRISE PARTY

A few Junior girls surprised Miss Alta Klawansky Monday night with a birthday party. The girls came dressed in short dresses and socks, each bringing a present, such as a toy phone, baby pins, a kewpie, candy, etc. Each girl did a stunt. This was followed by a game of pinning the tail on the donkey. Miss Mary Tyson won the prize. Little Miss Jennie Tyson won the prize in the written contest, and Mary Coung won second prize.

Mary Bailey received first prize in the bean contest and Mary Loung came out second. Louise Adams and Bessie Wiley sang a solo entitled "Mary Had a Little Lamb."

Mrs. Klawansky then invited the

girls into the dining room where the birthday cake with sixteen candles on it was cut. Then ice cream cones, candy, apples, cookies and chewing gum were served. After this a large pan was passed around the group. Each girl pulled a string, which hung from beneath the cover. When the cover was removed, candy fish, all day suckers, etc., were revealed. All then returned to the parlor, where "Till We Meet Again" was sung and also, "There's a Long, Long Trail."

Those present were Misses Bessie Wiley, Grace Lindsey, Mary Young, Louise Adams, Dallis Young, Mary and Jennie Tyson, Mary Young, Lola Mae Roberts, Nona Hubert, Jennie Brown, Mildred Favers and Mary Davis Bailey.

DISCIPLES OF SOCRATES

On the night of Monday, October 11 the "Disciples of Socrates" held their third regular meeting. The membership committee has secured five new members, namely, Ray Casey, Eber Flinn, Marvin Sykes, Frank Plaster and Buddy Stedman. All of these gentlemen were accordingly raised to the dignity of membership in the "Disciples of Socrates."

Since Mr. Lee Howell, the original treasurer of the Disciples had dropped his membership for the reason that he was unable to attend meetings an election was held for the purpose of choosing his successor. As it happened Mr. Eber Flinn was chosen as the new Treasurer.

Next, the committee on dues and initiation, gave its report. It had been decided that the initiation fees were to be fifteen cents, and the monthly dues were to be the same sum. The committee had also settled upon a form of initiation for new members. But since a large number of these were present and it was feared that a description of the ordeal that they must undergo would unnerve them, they were left in ignorance of the ordeal that they must undergo until the next meeting, when they will learn it at first hand.

The program for the meeting was then given. It consisted of discussions on various parts of parliamentary practice. And owing to the nature of their subjects, the speakers were not so well informed as they might have been. Stuart Epperson requested permission to speak again upon the same subject on the following meeting and this was granted him.

Since the retired treasurer, Lee

Howell, had also been a member of the program committee, Scott McGuire was appointed to serve in his place. The meeting adjourned.

THE GIRLS' CLUB

The Girls' Club met in the regular club room Thursday afternoon. The meeting came to order with the roll call by the secretary. The constitution was then read and accepted. After the reports of the chairman were given, the club was favored with a very interesting program. There was a debate on "Clubs Should be Compulsory in High School." Miss Louise Denson and Miss Louise Adams took the affirmative side of the question and Christine Wallace and Marguerite McDermott took the negative side. The debate rose to a hot discussion.

The whole club waited anxiously for the decision from the judges. The decision was in favor of the negative that "Clubs Should Not be Compulsory in High School."

THE CARRIE YOE CLUB

The members of the Carrie Yoe Club held their weekly meeting last Thursday Oct. 6 in the Club Room. After singing "America," each answered roll call with a quotation from an American poet.

Mrs. Yoe and Miss Amelia Williams were elected honorary members of the club. The following program was given:

1. "The House by the Side of the Road."—Sallie Coleman.
2. "How I can be a Good Samaritan."—Willie Day.
3. "How I can be a Good Samaritan at School."—Nell Mays.

An interesting program has been planned for the next meeting and all Sophomores and Freshmen are urged to be present.

S. M. MARRS ADDRESSES THE STUDENTS

Mr. S. M. N. Marrs, Chief Supervisor of the Texas Public Schools addressed the assembled high school students, Tuesday afternoon. He was in Cameron in the interest of the School Amendment, which is to be voted on in November.

His talk was both interesting and inspiring. He made several statements concerning the rank of Texas in educational matters. Thirty-eight states have more efficient school system than Texas, and thirty-four states have more people in proportion to population who can read and write.

In concluding his talk, Mr. Marrs

told the students that the purpose of education is to help them adjust themselves to the future so that they will be socially efficient.

Then he outlined three things necessary for the acquirement of an education: a strong arm, a clear mind, and a brave heart.

SCHOOL PHILOSOPHY

1. If you cannot win, make the one ahead of you break the record.
2. Bring up daily work as it comes does not get you into as much trouble as dodging it—you always run into it at examination time.
3. Are you a leader? He is only an ordinary man with extraordinary determination.
4. Hard luck is a polite name for sleeping sickness.—(Anonymous).
5. My boy, paste this in your hat. Nobody is going to do your work for you as well as you can do it yourself.—(Gleanings).

QUIT TOBACCO HABIT

So Easy to Drop Cigarette, Cigar, or Chewing Habit

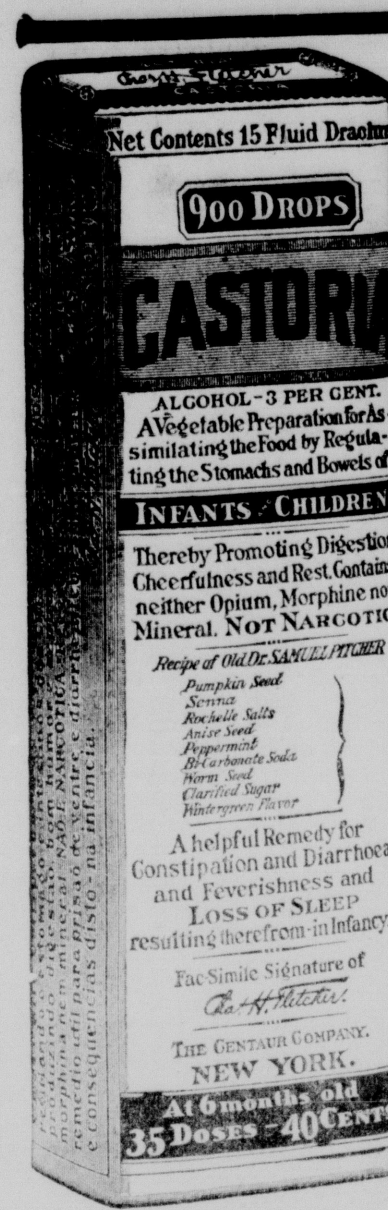

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarets; therefore is thoroughly reliable.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or finding in the head. E.W. GROVE'S signature on box. 50c.

Messrs. T. F. Hardy, Lochrane Hilliard and Judge John Watson spent Monday in Austin.

Mr. H. F. Hardwick of Wellington, Alabama, attended the United Confederate Reunion in Houston. Mr. Hardwick is visiting his sister, Mrs. L. Wilson and relatives in Cameron. He will leave Tuesday for Meridian to visit his brother, Mr. W. H. Hardwick.

Mr. Tom Vaughan of Goodwater is spending a few weeks with relatives in Cameron and Maysfield. Mr. Vaughn is a Confederate Veteran and attended the Reunion in Houston. He reports that he enjoyed the Reunion very much.

BUICK

Emblem of Satisfaction

YOU measure the value of your motor car by its power to travel hard and fast; its strength to bear up under hard usage and its capacity to go and keep going. These have always been Buick qualities and are again dominant features of the new Nineteen Twenty-One Buick Series.

With all their strength and stamina, these new Buick models are cars of striking beauty. There is comfort, too, in their modern refinements and roominess.

Authorized Buick Service guarantees your satisfaction wherever you go.

SUMNERS SEEKS AID FOR FARMER

LETTER POINTING OUT NEED
FOR FINANCIAL HELP IS
SENT TO HARDING

In view of the recent announcement that the Federal Reserve Board will be unable to extend aid to the cotton growers of the South in the present emergency, Congressman Hattin W. Sumners of Dallas has appealed by letter to William P. G. Harding, president of the board, at Washington, pointing out that some governmental action is necessary to prevent threatened bankruptcy of agricultural producers.

The rapid increase of city population at the expense of the rural communities is one of the results of failure on the part of farmers to make fair profits on their crops. Mr. Sumners states, in the letter. The effect of this condition on the general public, causing hardships to the public outside of the rural communities as an indirect result, is expressed.

Europe is Blamed

"I recognize, of course, that many of our difficulties result directly from the industrial and political disorders of Europe," Mr. Sumners states. "Those who normally would purchase those commodities of which we now find we have a surplus are unable to

THE INTERNATIONAL SCOUT JAMBOREE

The International Boy Scout Jamboree, which was held in Olympia, France last August, was thoroughly enjoyed by the 301 Boy Scouts who went over to participate in the athletic and scenic events.

One of the features of the trip was that the American Boy Scouts felt perfectly at home in England. The English Boy Scouts were rather sceptical about the uniform of the American, for they wore leggings and the English wore shorts, but the second day cleared all apprehensions for the Americans, led by the Denver Boy Scout Band came down the main street of London with shorts on. A delightful half day was spent in the London zoo and the meeting with Boy Scouts of other lands.

The Americans joined by the English Scouts were also heartily greeted on their arrival in France. They were taken through the streets of Paris and then after they had had their games and races at Olympia they went to Antwerp to witness the Olympic games there. From there they started on their way home without a single hitch in the plans and not one accident.

COLORED PEOPLE ORGAN- IZE CLEAN-UP CLUB

The Colored people of the city organized a street and alley cleaning club a few days ago. More than thirty names have been entered into this club, which as soon as the premises have been ready the Mayor, City Superintendent of Schools and editors of the two city papers will compose a committee to graze upon the basis of a 100 per cent the parties thus entering the contest.

It is hoped by the club that the movement will be general and that by next week more than a majority of all the Colored families will have become a member of this club.

Anyone desiring to become a member may do so by giving name and address to E. T. Johnson, L. T. Johnson or James W. Bartlett.

do so because of that condition. That fact, however, which is more or less temporary in its nature, makes it necessary that our general policy shall be calculated as far as possible to preserve normal production in order that when conditions become normal on the other side we may have in operation machinery necessary to take care of those conditions."

Mr. Sumners further states that the Government should not lend itself to an effort to either maintain or increase the price of any commodity, but that "we have a peculiar situation" which requires governmental aid. He says that the price of cotton now is far below the price of production, and that the farmers are discouraged and some are facing ruin as a result.

Farm Labor Problem

To keep labor on the farm, Mr. Sumners points out that the farmer must be able to sell his products at a profit, which he does not now realize, and, as a result, the condition now faced "becomes of the very greatest general importance."

"I recognize the difficulty of giving any special aid to a specific vocation," the letter concludes, "but I do believe that the public interest of this country would sustain any effort of the Government, directly or indirectly made, to prevent the threatened bankruptcy of agricultural producers and to enable us to hold on the farms of this country against the high bid of the vocations of the city enough people to produce the food and clothing material which we must have."

DAUGHTER OF DIRECTOR OF 190 CENSUS SUIDES

Philadelphia, Pa., Oct. 11.—Miss Esther L. Rogers, daughter of Samuel L. Rogers, director of the United States census bureau at Washington, died in the Garrettsen hospital here early today under circumstances that indicated she had ended her life with poison, according to the police.

Miss Rogers, who was 25 years old and employed as a stenographer, was found in her boarding house, 1741 Green street, last night suffering from the effects of poison. She was rushed to the hospital and died without regaining consciousness.

Mr. Rogers said his daughter had not been in the best of health and had been subject to spells of extreme nervousness. He knew of no reason he said, for her to end her life.

Habitual Constipation Cured in 14 to 21 Days

From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration.

Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit.

No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs.

The marvelous tone of the Amberola—the permanent, genuine Diamond Point Reproducer (no needles to change)—the practically unbreakable, everlasting Amberol Records—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame.

Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.

CALL ON SOUTH'S GOVERNOR TO CHECK BURNING OF GINS

Columbia, S. C., Oct. 8.—The "Black 75" has been brought officially to the attention of Governor Cooper in a letter from L. W. Harris, solicitor of the Tenth Judicial Circuit, advising the Governor of threats against cotton gins in various parts of the State. Some of the letters warning the ginner to discontinue operations after Oct. 7 have been signed "Black 75," it is said, while in other cases paper with matches attached have been pinned on doors.

Harris writing from Anderson, asked the Governor if there had been any provision made for sending detectives to certain places to seek evidence in such cases.

Governor Cooper in his reply, while deploring the acts of "fanatics," wrote:

"You may feel assured that should a situation develop which requires extra effort on the part of the State, I will not hesitate to act."

Georgia Governor Acts.

Atlanta, Ga., Oct. 8.—Governor Hugh Dorsey gave to the press last night an open letter to the people of Georgia, urging them to do everything possible to put to an end the campaign of "nightriders" who are striving to close the cotton gins. Reports received at the Governor's office indicate that the situation is serious in many counties. Governor Dorsey proposes to use the whole power of the State to stop lawlessness.

"Nightriders" in Georgia and other Southern States want the gins to close until cotton advances to 40 cents a pound. In several Georgia counties the "nightriders" have tacked closing notices on gins. In every case boxes of matches have accompanied the notices.

The posting of the notices has been general in some section of Alabama. Even merchants have been ordered to close their stores until cotton advances. The great fall in the price of cotton is a serious menace to the business in the South and the crop was produced on supplies purchased on a 40-cent cotton basis.

TUTE, WALKED FIVE MILES TO GET A BOTTLE MEN- DENTHALL'S CHILL AND FEVER TONIC

Springville, Tenn., Oct. 17, 1917. We are certainly pleased with Menthall's Chill and Fever Tonic and sell about two to one of all other kinds combined. Users please take notice we make chill tonic black label containing no arsenic and a chill tonic Red Label containing 20 minims Fowler's solution of arsenic to each fluid ounce. The chill tonic regular is indicated where quinine is indicated, the Red Label where quinine and arsenic are both indicated which is in chronic malaria, loss of appetite, indigestion, inactive liver and spleen gastralgia and jaundice due to malaria.

Sold by Avera's Drug Store.

MAY SEIZE VESSELS DEFYING DRY LAW

PLAN TO TAKE DRASTIC ACTION TO BREAK UP THE PRACTICE OF SMUGGLING

Washington, Oct. 11.—Seizure and sale of foreign ships violating American prohibition laws is under consideration by the bureau of internal revenue as a means of curbing liquor smuggling. Officers of the bureau were reported tonight as seeing no solution to the problem other than through invoking libel provisions of the Volstead act against ships bringing in liquor.

Evidence gathered by Federal enforcement agents was said to have disclosed that masters of foreign ships frequently conspired with their seamen to violate the prohibition laws. The supply of alcoholic beverages has been greatly increased along the eastern seaboard by this means, it was said.

The bureau is understood also to have discovered definite connection between foreign seamen engaged in smuggling and a "whiskey ring" through which the smuggled commodity is marketed.

The Volstead act provides specifically for confiscation of vehicles of transportation employed in violation of that law. Bureau officials were said to feel that although foreign violations may result, they should take steps in that direction in order to control the traffic.

Technically, foreign ships are within jurisdiction of American laws when inside the three mile limit. This makes them liable to confiscation at any time contraband goods is found on them. The belief was indicated, however, that seizure of a few ships would end the activities of the sea-going bootleggers.

Certain foreign ship's masters are

alleged to have employed a unique method of defeating prohibition. The report revealed, it was stated, that pay of seamen had been reduced to nominal amounts and in some cases to the amazingly small figure of one dollar a week. In lieu of more pay, the seamen were permitted to lay in stocks of liquor in foreign ports and deliver it in American ports.

160 FEET OF OIL IN MELLON WELL

Direct word from the Mellon well at a late hour last night was to the effect that the drillers had at last gotten a grip on the string of tools lost several days ago, and that the hole would doubtless be clear and drilling resumed this morning.

During the shut down it developed that 160 feet of oil has accumulated in the hole, and in the opinion of experts, the Mellon is already a commercial oil well, and western Bell county is an actually proven oil field. Only the area and quantity of production now remains to be established. A few more days' actual drilling in this well will tell the tale as to whether the field is a gusher or a gusher or a pumping proposition.—Temple Telegram.

A clear colorless liquid that will heal wounds, cuts, sores and galls is the latest and best production of medical science. Ask for Liquid Borzone, it is a marvel in flesh-healing remedies. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Company.

In all malarial country the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by Pace-Marshall Drug Company.

New hulls, \$7 per ton at Oil Mill. Pure granulated cane sugar 19 cents per pound. Giles L. Avriett.

TWO POLL TAXES CAN BE PAID TO TAX COLLECTOR

It is now possible to pay poll taxes for both 1919 and 1920, according to instructions received Friday morning by County Tax Collector Marvin Scott from Comptroller Wigington.

Payments made under the law passed by the recent called session of the Legislature will apply on the year 1919, the Comptroller said, since the enactment of the law is merely an extension of the time until Oct. 22 in which either men or women can pay their 1919 poll tax and have the privilege of voting at the November election prior to Feb. 1, 1921.

The first and only person in Tarrant County who had paid a poll tax under the new law Friday morning was Charles A. Farnum of Fort Worth.

"As the Tax Collector begins collecting the 1920 taxes Oct. 1," the Comptroller wrote, "it will be possible and also legal for a person to pay two poll taxes from Oct. 6 to 22, one for 1919 and the one for 1920."

A printed copy of the law is promised the Collector as soon as delivered by the printer.

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by Pace-Marshall Drug Company.

and activity. Price, 60c. Sold by Pace-Marshall Drug Co.

TRUCK FACTS

TRAFFIC TRUCKS ARE BETTER

Depend On Operation Economy

The profit earned by our trucks are the sole basis of judging its worth to you. They depend on operating—economy in fuel, oil, care, service, strain and repairs.

A truck unable to economize in these respects steal profit out of your pocket. Upon ignition depend many truck economy.

Fuel economy because it's fat, sure spark explodes every bit of the gas in the combustion chamber into all possible power.

Lubricating economy—because it means less carbon and reduces the danger of fouling. All of this means less repairs, fewer overhauls. Less time away from work, besides the time over the road.

TRAFFIC TRUCKS is the most complete truck, on the market to overcome these troubles.

We have just received a car of TRAFFIC TRUCKS and will be glad to demonstrate these to you.

Boedeker Bros.

Cameron, Texas

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

American Legion, Hillsboro Post. Hillsboro, Tex., Oct. 9, 1920. To Whom It May Concern:

We take pleasure in stating that Brunk's Comedians, a high grade dramatic show, has been here this week under the auspices of the Local Post of the American Legion.

Each night a very entertaining, strictly high grade, and moral show was given, drawing good crowds, and thoroughly pleasing and entertaining to all who attended. Their twelve piece band and eight piece orchestra rendered unusually good music and was worth the price itself, and the troupe deserve much applause for the high class of entertainment.

This theater has a good tent, thoroughly comfortable and safe, and all whom attend may be sure of a pleasant and comfortable evening.

They will always be welcome back to the city of Hillsboro, and we cheerfully recommend them to any Post desiring a high grade and dramatic tent show.

W. E. JACKSON,
Post Commander.
H. H. CARMICHAEL,
Post Finance Officer.

To the People of Milam County:

I desire in this public manner to invite the attention of the people to my candidacy for the office of tax assessor for Milam County. I am the regular nominee of the American Party for such office in this county. I am 32 years of age, was born in Milam County, and have lived in this county all of my life with the exception of about three years. I have always been a Democrat and affiliated with the Democratic Party until the present year, but the policies pursued and the legislation enacted by that party in recent years has led me to the conclusion that it is no longer a party pledged to the best interest and welfare of the people, and I have, therefore, renounced my allegiance to the Democratic Party and given my allegiance to the American Party.

If the people of Milam County shall endorse my candidacy for the office to which I aspire, I pledge them in advance that I shall bring to the discharge of the duties of such office a fair, honest and intelligent intention and purpose to serve the people without fear or favor toward any, and I promise you in advance that all of the property in this County shall be assessed, and that it shall be fairly and efficiently done, and can be done without the aid or assistance of any block map of any other contrivance to be paid for out of the public funds.

Therefore, I have submitted my candidacy to the good people of Milam county among whom I have lived all my life, and shall be grateful to them for their endorsement and support in the coming general election.

Faithfully yours,

CLEVE McCALL.

Miss Mary Henderson returned last week from an extended visit in Brenham.

Mrs. George Graves left last Friday to attend the Eastern Star State Convention. She stopped in Fort Worth a few days to visit relatives.

Mr. Joel H. Dixon of Gatesville, while en route from the Confederate Reunion, spent last Thursday with his nephews, T. F. Hardy, Judge and Dr. Watson. He has not seen some of them since coming to Texas from Alabama in 1877. Mr. Dixon and D. A. bama company in the Confederate army. McLane belonged to the same. Alabama.

We are sorry to report that Mrs. Logan Green is quite ill at her home in North Cameron.

Mr. W. L. Hilliard of Troy, Alabama, spent several days the past week in Cameron in the homes of his relatives, Mr. T. F. Hardy and Judge and Dr. Watson, and was very much pleased with Cameron and Milam County. He visited Hearne and Calvert and saw the Brazos bottom lands, but liked the prairie land better. He accompanied Mr. Hardy and Judge Watson to Austin Monday to see the capitol he had read and read so much about. Tuesday night in company with Mr. Hardy he attended the Bankers' Banquet at Rockdale. He left Wednesday afternoon for Breckenridge, Texas, to visit his son, Captain Charles Hilliard, who was in the overseas service, but now located in the Texas oil fields.

Parma carries a full line of Groceries.

Mr. and Mrs. Earl Perry and baby of Rockdale were over in our city Sunday evening.

Ferndell Select Stock of Plain and Pimiento Stuffed Olives. Giles L. Avriett.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Normal Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and

faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

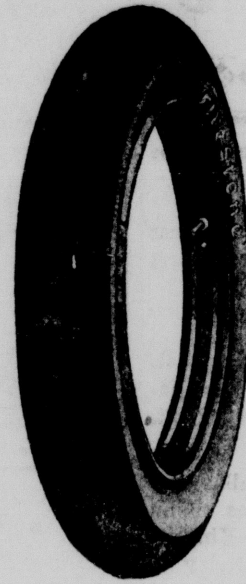

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

100,000 PRESCRIPTIONS WERE FILLED BEFORE NUMBER 40 FOR THE BLOOD WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions before "Number 40 For The Blood" was discovered. 40 is an old doctor's prescription, has cured the worst cases of blood troubles, chronic rheumatism, catarrh, constipation, stomach trouble, indigestion, functional nervous disorders, skin eruptions, such as eczema, sores, ulcers, pimples, etc. Thomas Anderson, 419 Linden St., Winston-Salem, S. C., writes as follows: "I thought I would write and give you my experience with your great medicine, Number 40 For The Blood. When I began to take Number 40 I was suffering with a severe stomach trouble, could not eat anything without great distress, was run down, weighing but 139 pounds. I improved from the start, am now on my fourth bottle. Can eat anything I want, weigh 156 pounds and feel like a new man and wish to thank you for the wonderful benefit I have received by taking this wonderful medicine."

The reinforcement rods for the new Methodist church building arrived last Saturday and more material will arrive soon.

Mr. L. H. Harden, who is employed in a gin at Yarrellton spent last Sunday with his family here.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

The Western Union and Mackay telegraph offices had a busy day last Sunday because of the inquiries concerning the fire at the compress.

Miss Clarion Power, who has been attending school the past four weeks returned to her home in Rogers last Thursday.

Last Sunday afternoon the Sunday School Class of R. A. Tag was told to meet at the church and they would go on a little hike. They were too impatient to wait so they went to the home of Mr. Tag and waked him up out of a beauty nuy and they all went to the ruins of the compress. They thoroughly enjoyed themselves by chasing each other over tales of cotton. Afterwards they expressed their wish to go some more hikes

Mrs. Mewhinney left for her home in Holland last week after a visit with her daughter, Mrs. Sam Mewhinney.

Mrs. Wm. Rogers took his mother, Mrs. W. M. Rogers, and Mrs. Rocker over to Holland for a short visit last week.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County, Greeting:
You are hereby commanded to summon Pearl Colbert by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November, 1920, the same being the 2nd Monday in Nov., 1920 then and there to answer a petition filed in said court on the 2nd day of October, 1920, in a suit numbered on the docket of said court No. 8284, wherein Allie Colbert is plaintiff and Pearl Colbert is defendant, said petition alleging: Statutory grounds of three years' abandonment.

Herein fail not, but have before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this 2nd day of October, A. D., 1920.

23-4t
PENN WOLF,
Clerk of the District Court, Milam County, Texas.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the County Court of Milam County, on the 1st day of October 1920, in a certain cause wherein Hallett-Davis Piano Company is plaintiff and Donie Rollins et al is defendant in which cause a judgment was rendered on the 20th day of August, 1920, in favor of said plaintiff, Hallett-Davis Piano Company against said defendant, Donie Rollins et al for the sum of Two Hundred Twenty-three and 23-100 Dollars, with interest there on at the rate of 7 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will on Wednesday Oct. 13, 1920 at T. A. Howell's Music Store, Cameron, Texas, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Donie Rollins et al in and of the following described personal property levied upon as the property of Donie Rollins et al, being one certain player piano No. 57413, style No. 215, and being the same player piano which the plaintiff sold said Donie Rollins, now Donie Phillips, on the 18th day of June A. D. 1917.

The above sale to be made by me to satisfy the above described judgment in the sum of Two Hundred

Twenty-three and 23-100 Dollars, in favor of Hallett-Davis Piano Company with the costs of said suit, and proceeds applied to the satisfaction thereof.

L. L. BLAYLOCK,
Sheriff Milam County, Texas.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

J. 78

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the bod's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithit, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

A lazy no-account feeling with yawning and sleepiness in the day time is caused by a torpid liver and disordered bowels. Herbine is a splendid remedy for such ailments. It cleanses the system and restores vim

Electrical Supplies

In this day of progress you owe it to yourself and to the community in which you live to make the most of the many conveniences which electricity provides for your use.

Since it aides you in so many ways to become a better and more useful citizen it is a reflection upon your better self if you fail to take advantage of it.

For your convenience and to help you to decide upon the varied applications best suited to your needs, we have provided a liberal display which we welcome you to inspect.

SIX O'CLOCK DINNER

The beautiful home on Hefley hts, Judge and Mrs. John Watson entertained at a six o'clock dinner last Saturday evening, complimentary to Mr. Lochaine Hilliard of Troy, Ala., who is a cousin of Judge Watson.

As usual the home was in perfect order, beautifully lighted, and the guests given a cordial welcome. Almost immediately, dinner was announced.

The table was simply, yet beautifully laid, with green luncheon set, China with gold hand-painted Bassett coat of arms, sparkling cut glass, and silver. The center piece was a large mirrored reflector on which was a bowl of heavenly blue morning glories and maiden-hair fern.

Seated around this hospitable board other than the honor guest were Dr. and Mrs. Jim Watson, Mr. T. F. Hardy, Mrs. Mattie Batte, Mr. and Mrs. J. C. Tucker, Col. and Mrs. J. N. Bradshaw of Orlando, Florida, while the twins, John and Maide had a tea party table to themselves in the conservatory adjoining the dining room and a beautiful sweet picture they made.

The following three-course dinner was served amidst pleasant intercourse:

Menu

Fried chicken, Asparagus on toast, Rice, Canned Yams, Tomatoes, pickles; Hot biscuit, Butter, Olives. Ice Tea, Combination Salad; Cherry and Nut Ice Cream, White Cake.

BIRTHDAY PARTY

Twelve of Miss Alta Klawansky's friends decided on a "lark" for Monday night. With Mrs. Klawansky's permission and help they gave Alta a six year old party instead of sixteen years—her real age.

The girls dressed like six year old kids, and laden with toy presents, telephones, dolls, cupies, toy seives, candy etc., they surprised Alta with a storm party.

Children's games, stunts, and contests, music and recreations were the amusements indulged in, even to pinning the donkey's tail on.

Mary Tyson was the successful one, in this, and was given a red stick of candy.

The big birthday cake with sixteen red candles was cut and eaten with ice cream cones.

Fishing from a dish pan and catching candy, all-day suckers and chewing gum delighted the "children."

It was indeed an enjoyable affair and one that will long be remembered.

Those present were: Grace Lindsey, Louise Adams, Bessie Wiley, Mary and Dallis Young, Mary and Jennie Tyson, Nona Hubert, Mary Davis Bailey, Lola Mae Roberts, Jennie Brown, Mildred Favors.

PARENT-TEACHERS MEET

About fifty parents and teachers gathered in the High School building Wednesday afternoon at 3:40 for the opening meeting of this association.

Mrs. Ben Atkinson, the President, called the meeting to order.

Miss Estelle Coleman read the Texas Congress Prayer, Roll was called and about one dozen new members enrolled.

rolled.

Mr. Kidd then made a very forceful address, and emphasized "What We Can Do" and "What We Can Accomplish" if we try. He further stated that it was "a big business to rear a boy or a girl." He brought out that the home, the church, the school, were the principal means to this end, and if the school was to do its full share it must have equipment. Mr. Kidd asked the Association for two Victrolas and convinced them that through the right kind of music in the school a great advancement could be made.

The Association voted to pay twenty-five cents a year dues and pledged to buy the Victrolas and at least fifty good records. Ways and means for raising this money was left for another time as the ladies had a social hour for the afternoon.

The Association repaired to the Superintendent office, which was bright with all kinds of flowers.

Parents and teachers were introduced, cake and cream was served and a general pleasant hour spent.

It is the hope that every parent give their names for membership to this organization and help these teachers in every way possible. All members are requested to send their dues to the Treasurer, Miss Estelle Coleman, as soon as possible.

BIRTHDAY PARTY

On the lawn at the home of Mr. and Mrs. John Ryan last Wednesday afternoon, little Arnette celebrated her seventh birthday.

There were twenty little boys and girls present and Mrs. Ryan was assisted by Miss Jennie Wrenn Houston in helping the children play games.

After the games the big white birthday cake with seven candles was cut and each child given a piece with ice cream.

Little Miss Arnette received quite a number of pretty and useful presents. Some of them were: perfume, silk handkerchiefs, beads, books, hair ribbon, etc.

These little folks wish for Arnette seven times seven more birthdays.

MRS. TIFF MOORE ENTERTAINS. Last Thursday afternoon the "42" Club had its first meeting of the Fall at the home of Mr. and Mrs. Tiff Moore.

The home was beautiful in Autumn tints, gold and green. Marigold, and golden cosmos were used in profusion.

The score cards, too, were in the same rich colors, in yellow and red and brown—hand-painted maids with wreaths of red roses. They were the handiwork of Miss Mollie Moore and her niece, Mildred Moore.

Eight tables were arranged and soon the ladies were busily engaged in the game.

At the announcement of "84" favors Mrs. R. D. Brown led off by making the first one and was presented with a little bisque doll. It was not long ere dolls of all kinds were being distributed. At the close it was found that Mrs. Judd Davis had four—the highest number made. Mrs. J. C. Tucker won the most games among the club members and was given a large doll.

Mesdames S. A. Cottle, R. D. Brown and Miss Estelle Coleman, of the guests, cut for the guests' prize. Miss Coleman was the fortunate winner.

Mrs. Moore was assisted throughout the afternoon by her sister, Miss Mollie Moore and little daughter, Dora Emily, and in serving by Misses Mildred Moore, Bessie Wiley and Jessie McCall.

Mrs. Moore served a delicious two-course luncheon consisting of chicken salad, pear salad, sandwiches, celery, pineapple cream and cake.

A short business session was held and Miss Mary Lake Henderson resigned as president and Miss Clara Thomas was elected to take her place.

Those present other than club members were: Mesdames S. A. Cottle, R. D. Brown, Helen Tyson, Henry Hefley, Judd Davis, Giles Avriett, Dow Eplen, Howard Baskin, J. L. Clinton, Tom Henderson, Jr., John David of Dallas, W. C. King of Arizona, Vernon McIntyre of Marathon and Misses Beth Jeter, Winnie Henderson and Estelle Coleman.

BRIGHT LITTLE GIRL

A little Cameron girl, whose grandmother went to Houston to the Reunion, was anxious for grandmother's return and asked: "Mother, when is the 'Western Union' going to let grandmother come back?"

BRIDGE CLUB

Last Friday afternoon Miss Rose Rischar was charming hostess to the Bridge Club at the home of Mr. and Mrs. W. A. Morrison.

The spacious reception suite was cool, inviting and beautiful with most gorgeous bouquets of goldenrod.

The score cards were landscape scenes in gold and green and looked as if the goldenrod might have been cut from their fields. This is a very popular club and much loved by all its members. There were four tables playing and three very enjoyable games played.

Mrs. J. L. Clinton of the club members won most games, and Miss Beth Jeter, among the guests, and to each was given a most unique imported Japanese sachet basket.

After the games Miss Rischar was assisted in serving by Mrs. Fritz Fahrendori and Miss Frances Morrison.

A two-course luncheon was served consisting of pressed tunie salad on lettuce, fruit salad, olives, sandwiches, crackers and pineapple cream and white cake.

Those present other than club members were: Mesdames Vernon McIntyre of Marathon, S. A. Cottle, W. A. Morrison, W. A. Gillon, Misses Beth Jeter and Mary Lake Henderson.

BIRTHDAY PARTY

A A birthday party of unusual interest and sweetness was one enacted last Saturday at the Cameron Sanitarium when Mr. R. L. Batte, Sr., found himself turning fifty-seven years old. There flat of his back his grandchildren and a number of friends came to greet him and brought gifts, baskets of fruit and flowers until his room looked like "Fairyland" indeed.

Mrs. J. C. Reese sent a snowy white birthday cake.

As usual, Mr. Batte's kind, generous heart expanded on this occasion and he invited all the nurses in and

vided most generously with them.

One special gift was from his son and wife, Mr. and Mrs. R. L. Batte, Jr.—a ten pound grandson.

Mr. Batte's condition is very much improved and we are glad for Cameron needs all her big men.

CIRCLE NO. 1

This Circle of Baptist ladies met with Mrs. W. G. Cox last Monday with Mrs. E. A. Flinn as leader. A profitable and interesting lesson was enjoyed and a fairly good attendance.

CAMERON, TEXAS

\$1,000,000 COTTON FIRE IN CAMERON Campaign of Arson Sweeping Over Southern Cotton States

\$202,892.44 FOR MILAM COUNTY IN FEDERAL AID FUND

MONEY FOR CONSTRUCTION OF ROADS GRANTED BY GOV- ERNMENT IS BOOST FOR HIGHWAYS

Federal government aid to the amount of \$202,892.44 has been granted to Milam county according to figures released for publication today by Giles L. Avriett, county auditor.

County Engineer A. F. Mitchell, was in Austin Tuesday of this week and was informed by the Highway Commission of additional aid for Milam county as follows:

Sap Highway No. 44, \$38,314.52.
Santa Fe Highway No. 36, \$39,570.00
Total additional aid \$77,884.52 making a grand total of federal aid to Milam county of \$202,892.44.

These grants are conditional and the construction work must be well under way by June 1921 in order for the county to get use of this big sum in the construction of well defined highways.

This will give Milam county a decided aid in the construction of roads and is in accordance with the state and federal government road construction program inaugurated some time ago. It is expected that plans for using the money will be mapped out and construction under way before the end of the year. The work must be under way before June 1921 in order to secure the aid.

A CHOICE SPIRIT OF CAMERON

Hon. Fred Henry who lays claim to holding affiliation with 19 orders, among the many the Knights of Pythias and "Dokeys" was a visitor in the Banner-Knight office this week long enough to say howdy, and to say that Cameron Lodge in his home town was doing splendidly, and likewise would be able to show a splendid increase during Gran Chancellor Brewington's tenure of office.

There is no more worthy fraternalist than Fred Henry. He has so long been in harness that one wonders of the perpetuity of some of them were he removed, and yet, as time flies, may it come with tardy feet to one of his.

In speaking of the ceremonial of El Kabah Temple, No. 95, which is to be held during the cotton palace at Waco in November, Mr. Henry states that he is going to be ready to join Elmer Hood, J. W. Coleman, W. O. Triggs and others who have already signified their intention themselves to go—and who are to "carry" many candidates—Texas Pythian Banner-Knight.

FOOTBALL GAME

Last Friday afternoon the Football team of Cameron High School beat the team of Rosebud High School to the tune of 66 to 0. This was the first game of the season here and Mr. Jones the Coach, is very proud of the team.

After Friday's game he hopes to have more candidates coming out. The star players were Self, W. Wilks, H. Willis, Stevens and Matula.

Next Friday Cameron will go to Taylor and play them.

38,729 BALES COTTON
GINNED TO SEPT 25.

PROBE DISCLOSES ARSON IS PART OF NATIONWIDE PLOT

FEDERAL GOVERNMENT TIGHT- ENS ON RED ACTIVITIES IN THE UNITED STATES

San Antonio, Texas, Oct. 13.—Evidence that the burning of cotton gins, compresses and warehouses which has resulted in destruction of property reaching high into the millions of dollars within the past week, is a part of "well organized bands of radicals to create a reign of terror among the farmers and merchants of Texas, and the United States government acting through the department of justice will begin immediate investigation of the outrages, it was announced here Monday.

Simultaneous with this announcement the information that a number of department of justice agents had been dispatched to Cameron to investigate the fire there Sunday was made public.

According to the theory of the department of justice head here the series of gin fires which during the last 30 days have resulted in the destruction of more than a score of gins is the work of one big organization operating in conjunction with radicals throughout the South.

This theory, governments agents say, is supported by the fact that practically all of the fires have followed closely on the heels of mysterious warnings sent out broadcast among farmers ordering them to withhold their cotton from the market until market conditions improve.

The similarity of the warnings and the fact that although the fires have occurred in widely scattered sections, 40 cents is the price that is uniformly set cotton must not be sold below convinces officials that the activity of the so-called "night riders" are directed by a central head.

In connection with the probing of the gin fires the department of justice agents have been instructed to keep a close watchout for radical activities of all kinds and keep all persons with known "red" tendencies under close surveillance. Several radicals suspected of complicity in the gin fires are said to be already known to the department of justice agents, and that the first arrests among the alleged "night riders" are imminent.

CHRISTIAN CHURCH

Rev. M. C. Jackson, district evangelist of the Christian church for the Temple district, will preach at the Cameron Christian church Sunday morning and Sunday night and also Monday and Tuesday nights. The church and public are urged to attend the services.

Compress and 5000 Bales of Cotton Burned Early Sunday Morning---- Weems Mill and Branchville Gin are Destroyed Monday Night---Federal Investigation Fails Disclose Clew to Crime.

Loss estimated at \$1,000,000 is the toll taken by fire which completely destroyed approximately 5000 bales of cotton, the press and warehouses of the Cameron Compress Company at 2:30 o'clock Sunday morning.

There was approximately 7142 bales of cotton on the press at the time of the fire and of this number 2227 bales was saved. Of the cotton saved it is estimated that 85 per cent is owned by farmers. The compress was fully covered by insurance. It is estimated that all of the cotton with the exception of approximately 5 per cent was covered by insurance.

While circumstances surrounding the burning of the compress coupled with the widespread campaign of arson sweeping over the Southern states, the burning of cotton gins, yards and compresses, led local people to believe that the fire was of incendiary origin, an investigation just completed by Department of Justice officials failed to disclose any clue whatsoever that would enable the officers to fix the guilt.

Reports carried in the press today from San Antonio the headquarters of the Department of Justice state that after investigation which was conducted here by C. J. Lawrence, official of the department, the cause is attributed to spontaneous combustion. However the opinion still prevails that the fire was of incendiary origin although no proof has been established beyond the fact that an automobile was seen near the compress a few moments prior to the discovery of the blaze and made away at a rapid rate before it could be intercepted by Watchman Will Cook at the compress. Mr. Cook was forced to abandon any effort to ascertain the mission of the car at that hour of the morning in the vicinity of the compress in order to turn in the alarm.

The compress was owned by A. J. Dossett of Waco and is the second of his compress plants to have been destroyed by fire within the past few weeks, the first being the compress at Quanah, Texas. Mr. Dossett former citizen of Cameron and was in the city this week.

Monday night the grist mill of A. N. Weems was burned and in about fifty minutes after fire was discovered the cotton gin at Branchville was totally destroyed. Sunday ten bales of cotton was destroyed at Rockdale following a smaller blaze Saturday night at the yard there. A small blaze was also discovered at Thorndale Sunday. Six bales of cotton was destroyed in the fire which burned the Branchville gin. No insurance was carried on the plant.

The burning of the Cameron Compress and 6000 bales of cotton was the largest fire ever recorded in Cameron and the loss is greater than all combined fire losses in the history of the city.

Local firemen under the leadership of Chief Monta Thomas were unable to control the flames and the fight was early centered on the west compress storage shed where a large number of bales was stored. This was saved at the cost of heroic work and the hazards of extreme exposure to both firemen and the equipment.

An alarm was sent to Rockdale and a company of firemen responded reaching Cameron within 35 minutes after the call for help was received. The motor truck of the Cameron department, a Rolls-Royce motor was operated for more than nine hours under heavy strain to give pressure to three and later two lines of hose to fight the flames.

C. W. Lawrence of the Cameron Water, Power and Light Company reports the standpipe full at the time of the fire and Fire Chief Monta Thomas states that the water supply was sufficient, the only difficulty being a six inch main which is smaller than those in the business district thus reducing the pressure.

A number of cars belonging to the railroads was saved when an engine was cut from an early morning passenger train on the Santa Fe and backed into the compress switches to pull the loaded cars to safety. Several cars were taken out enveloped in flames. A number of cars were also pushed to safety by citizens and firemen who entered the sheds at great hazards and pushed them to safety.

Scores of farmers were in Cameron early Sunday morning to look after their losses and to view the ruins of the compress as they lay in black and charred desolation, a smoldering testimony to the hazard of flame.

The Herald is extremely indebted to Mr. Oxsheer Smith, president of the Citizens National Bank for complete details concerning the fire and the losses. The report which he has kindly submitted is correct and gives in detail as clearly as possible at this time the number of bales lost and insured by cotton buyers and the amount of the insurance. Below is the report of Mr. Smith:

"Number of bales lost in fire approximately 6,000; number of bales on compress saved from fire approximately 2,000; of the cotton save 85 per cent belonged to farmers, due to farmers, wagon cotton being weighted and placed on western end of compress, and on the ground and this part of the compress was saved. While some suffered more than others the average loss to farmers was about one bale in five on the press. Fully half of the cotton destroyed and owned by farmers was covered by insurance.

The cotton buyers of Cameron were more than fully covered by insurance and will suffer no loss whatever. A list of the number of bales held by each buyer on the compress, number of bales saved and amount of insurance carried:

C. A. Pitts & Company, 322 bales; number saved, 86; \$70,000 insurance.
D. J. Kubecka, 145 bales; number saved, 42; \$18,000 insurance.

W. H. Triggs & Son, 445 bales; number saved, 137; \$55,000 insurance.
Joyner & Fahrendorf, 373 bales; number saved, 75; \$62,500 insurance.
B. Slocumb, 32 bales; number saved, 5; \$7,500 insurance.

Sanger-Joseph Co., 350 bales; number saved, not yet estimated; \$40,000 insurance.

Milam County Hardware Co., 24 bales; number saved, 10; \$5,000 insurance.

J. G. Vest, 119 bales; number saved, 6; \$30,000 insurance.

B. J. Baskin & Sons, 56 bales; number saved, not determined; \$5,000 insurance.

"Nineteen cars of cotton on the S. A. & A. P. tracks and under bill of lading containing about 1,200 bales eight cars on the G. C. & S. F. tracks and under bill of lading containing about 500 bales were destroyed. The insurance on this cotton is carried by the railroads and insured by them in large companies protecting all products under bills of lading.

"The remaining 3,500 bales of cotton belonged to out of town cotton buyers, for the most part exporters. This cotton had been shipped into Cameron to be compressed before going to seaport and ordinarily called transient cotton. All of this cotton was fully covered by insurance.

"The Cameron Compress Company carried insurance on their plant and platform to the amount of \$125,000 and it is believed fully covers any loss.

"The insurance companies are already on the spot checking up the cotton burned and prompt settlement of all losses will be made as soon as they can be fully verified. Cotton will be paid for according to the grade and at the price cotton was selling at

HIGHWAY MEETING ROCKDALE TUESDAY

O. D. BAKER, SECRETARY, GIVES
NOTICE OF MEETING TO DIS-
CUSS CONSTRUCTION PLANS

O. D. Baker of Gause, Secretary of the East and West Highway Association, has announced a meeting to be held in Rockdale Tuesday, October 10 at 2 p. m. for the purpose of discussing the plans for constructing roads in this section.

The delegates will be guests of the Rockdale Chamber of Commerce of which H. C. Meyer is president. There will be delegates from Longview, San Antonio, and the chairman of the state highway commission will be present. Members of the Robertson County Commissioners' Court will be present as well as the court from Freestone and Leon counties.

Ex-Governor Campbell is expected to be there. The meeting will discuss the bridging of the Trinity river at the corner of Leon, Henderson and Freestone counties, and the bridging of the Brazos river in Milam county. They will also discuss the reorganization of the proposed Bankhead National Highway. Milam county and the Commissioners' Court are urged to be present.

In Houston at the close of the market Saturday, October 9th, less cost of freight on cotton to Houston.

"Cameron and our county has experienced its most disastrous fire involving in money more than all the fires every experienced in our little city, and yet after checking up in detail, it is found that the loss is fully covered by insurance except a bale now and then in the hands of individuals and the aggregate not amounting to more than 5 per cent on the cotton destroyed. The chief loss to the city and county will be in being forced to do without a compress the remainder of the season."

San Antonio, Texas, Oct. 13.—First bloodshed in connection with widespread efforts of night riders to keep cotton off the market until the staple is bringing forty cents a pound was reported yesterday from England, Ark. Tom Steel, a negro, employed as guard at a gin whose owner had received a warning to discontinue operations, was found shot to death.

The heaviest loss sustained since the night riders' campaign began is reported from Cameron, Texas, where the compress and warehouses of the Cameron Compress Company, and 7,000 bales of cotton were burned Sunday morning. The flame destroyed property valued at \$1,000,000. Some of the officials believe the fire was of incendiary origin and the authorities are investigating a report that an automobile driven at high speed was seen to leave the vicinity before the flames were discovered.

Two additional cotton fires were reported in Texas yesterday. The platform of the Farmers Union warehouse at Rockdale was discovered in flames, but the fire was extinguished. Several bales of cotton were reported destroyed in a fire at Thorndale.

State Fire Marshal Williams, who has been investigating fires in the northern part of Alabama, reported yesterday to Governor Kilby that the fire which destroyed a store at Hanceville last week was of incendiary origin, but the destruction of a gin in Morgan county and another in Tillman county was accidental.

Gins in Moulton, Ala., were idle yesterday after the operators had discovered warnings posted on them time Sunday night ordering them to close until cotton brought cents a pound and cotton seed \$40 a ton.

Every gin in Calhoun county, Ala., was posted Sunday night. The warning resulted in the calling of a mass meeting of the county branch of the American Cotton Association to discuss methods for protection. The warnings in this base were signed

(Continued on page 4.)

FORDSON TRACTOR IS PUT TO SUPER TEST IN DEMONSTRATIONS

CHAMBER-HEFLEY MOTOR CO.
SPONSORS BETTER UTILITY
MOVE FOR FARM

Farmers and interested business men who witnessed the performance of the Fordson tractor on the D. B. Worcester farm last week are now thoroughly convinced that the farm tractor and especially the Fordson tractor is equal to any task and performs its work in a marvelous way no matter what the condition of the land or the amount of power required.

Recently the Chambers-Hefley Motor Company sold Mr. Worcester a Fordson tractor. Last week this tractor driven by an employee of the farm and instructed by the demonstrator was put to work in the heart of the river valley district where the Worcester farm is located. Due to overflows the land had grown a rank crop of weeds and Johnson grass and in its condition was quite beyond the possibility of utility by means of the old method of horse and plow.

Those who took advantage and went to the field to see the tractor in operation declare that the results obtained are almost unbelievable and the work of this tractor is nothing short of a revelation and an epoch to mark decidedly the transition from the old to the new methods of farming. The tractor not only was able to break the land with a minimum exertion but completely covered the weeds and vegetation which in many places had grown to a height of from eight to ten feet. The tract though valuable land is in the heart of the overflow tract and its problems of cultivation perhaps are as difficult as can be found in any farming district in Texas.

The demonstration or work done by the Fordson on the Worcester farm has resulted in a widespread movement among the farmers toward increasing farm facilities and to motorize their machinery. The work of this tractor is most convincing and those who witnessed the work marveled at the possibilities that are wrapped up in power facilities for farming.

Aside from the fact that no physical task on the farm is too great for the Fordson tractor is to be added the advantages of an increased production Monday and Tuesday nights. The handling soil the better the yield.

D. J. KUEBECKA MAY SURVIVE INJURIES

D. J. Kubecka, Cameron cotton merchant, is in the hospital here, in a critical condition as a result of injuries inflicted Tuesday morning at the compress site when he was struck near base of the skull.

John Haise, employed at the compress was placed under arrest by Sheriff Blaylock following the trouble and placed under bond.

The trouble, it is said, started when Mr. Kubecka was asked to leave an enclosure roped off where insurance men and compress men were adjusting claims. Mr. Kubecka, it is said lost cotton in the fire which destroyed the compress. It is said Mr. Kubecka refused to leave the enclosure when asked to do so and that the trouble started which resulted in his being struck near the base of the skull.

Mr. Kubecka is well known as a cotton merchant. He was rushed to the hospital where an operation was performed requiring more than three hours. Parts of the skull were removed and replaced in an effort to save his life.

At noon today he was resting as well as could be expected in view of the seriousness of the wounds.

Mr. Joe Lindsey of Maysfield spent Sunday afternoon in Cameron.

Raymond Wingo and Newt Drury of Jones Prairie, spent Sunday evening in our city.

V. L. White of Maysfield was in Cameron Monday.

W. E. Vaughn of Maysfield was a Cameron visitor Saturday.

Mr. Eugene Burnett of Jones Prairie was in Cameron Sunday.

Mr. Henry Reaves of Ben Arnold, motored to Cameron for a short stay Sunday.

I have Lipton's, Tokay and Ladies' Club Teas. Giles L. Avriett.

Mr. E. W. Pool of Jones Prairie, is in Houston attending the Reunion and visiting in the home of Mr. O. J. Poole and Mrs. Minnie Glazener, whose former home was at Jones Prairie.

Mr. and Mrs. Ed F. English of Cameron are attending the reunion in Houston.

Col and Mrs. J. N. Bradshaw of Orlando, Florida, were visitors in Cameron this week. Their many friends were glad to see them once again. Col. Bradshaw was once president of the First National Bank at Cameron.

Mr. Walter Dossett of Waco was a Cameron visitor this week.

Mr. A. J. Dossett of Waco, was in Cameron this week in the interest of his compress that was burned last Saturday night.

Mr. W. H. Hurry of Yarrellton, was in Cameron Wednesday.

Mr. S. T. Burnett of Jones Prairie, spent Sunday evening in Cameron.

Mr. H. L. Yager of Maysfield was a business visitor in Cameron Monday.

Messrs. Ralph and Alfred Walston and J. F. Miller motored to Port Sulivan, and while there they attended the Baptising that took place near the crossin of the Brazos river.

Mr. Edgar Wilson and G. T. Moore motored to Bartlett Sunday evening.

Every variety Campbell's Soups. Giles L. Avriett.

CITATION BY PUBLICATION
THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County,—Greeting:

You are hereby commanded to summon Adiline Mills by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November 1920, the same being the 2nd Monday in November 1920 then and there to answer a petition filed in said court on the 13th day of September 1920, in a suit, numbered on the docket of said court No. 8266, wherein Louis Mills is plaintiff and Adiline Mills is defendant said petition alleging: Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 13th day of September A. D. 1920.
PENN WOLF,
Clerk of the District Court, Milam County, Texas. 20-4t

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monaceticacideste

Mr. H. L. Atkinson of Maysfield, was a business visitor in Cameron Monday.

Mr. Charlie Parcus of Rosebud was in Cameron Sunday evening.

Heinz Catsup and Horse Radish. Giles L. Avriett.

Miss Delphia Scott left Saturday for Marlin where she has accepted a position. Miss Delphia will be greatly missed by her large circle of friends in her home town and they all wish for the greatest success in her new home.

Fresh shipment Maraschino Cherries. Giles L. Avriett.

Mrs. W. M. Hanna of Temple has been in the daughter visiting her daughter, Mrs. Slocumb.

Mr. Grady Barrett of Ballinger, returned home Sunday after a few days' visit with relatives here.

Mr. Allen Mowdy of Buckholts was in Cameron Saturday.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.
Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

60c at all dealers. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

AUDITORIUM THEATER

Opens Thursday Night at 7 O'Clock

Thursday—Georges Carpentier in "The Wonder Man."

Friday—Same program as Thursday.

Jack Taylor was a Burlington visitor Saturday.

The actual Value of the Little Studebaker Six

Has never been so clearly
recognized as it is right now

A market such as this always brings in sharp relief values that are really sound.

It shows which cars are overpriced and which cars are worth every dollar asked for them.

It makes plain just how low priced the Studebaker Six is in comparison with those cars which even approximate it in cost. The soundness of Studebaker policies has been demonstrated.

We have on hand some new Studebaker Little Six Cars—and will be glad to demonstrate these to you.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Mr. Frank Mondrick returned home this week after a trip with the W. E. Stewart Land Company to the Rio Grande Valley. Mr. Mondrick is enthusiastic over the possibilities of the land, which is adequately irrigated from the waters of the Rio Grande River. Great orchards of grape fruit, oranges and lemons, abundant fields of corn, Rhodes grass, alfalfa are everywhere in evidence. Mr. Mondrick was particularly pleased with the abundant cotton crop in the valley, estimating the yield at a bale and three-quarters to two bales to the acre. Mr. Mondrick is contemplating another trip to the Rio Grande Valley at an early date in company with several of his friends, at which time they expect to acquire some of this land.

Messrs. Lochrane Willard of Troy, Ala., and Joe Dixon of Goldthwaite, relatives of Judge Watson, Dr. Watson and Mr. T. F. Hardy, are visiting in these homes after attending the Veterans' Reunions at Houston.

Mr. E. A. Flinn of Cameron left Sunday evening for Bishop, where he will spend the week looking after his farm.

Mr. E. M. Boyd of Walkers Creek, was a business visitor in Cameron Saturday.

Mr. J. D. Martin and family spent Saturday in Cameron with Mrs. R. G. Vaughn.

Parma wants your Grocey Business.

Mr. Edgar Yager of Jones Prairie, was a visitor in Cameron Monday.

Miss Ethel Pool of Houston spent the week end with relatives in Cameron and Jones Prairie.

Parma wants your Grocey Business.

Mr. Rodney Anderson of Clarkson, was in Cameron Sunday.

and Sheriff Baggett of Douglas coun-
ty has offered a reward of \$300 for
the arrest of the guilty persons. No
gins have been destroyed in Georgia
thus far. Warning appeared in a
previously unaffected section of South
Carolina yesterday, Governor Cooper
having been advised that a gin near
Bishopville, in Lee county, had been or-
dered to close.

Rockdale, Tex., Oct. 11.—At 12:30
o'clock Sunday morning fire was dis-
covered by the city nightwatchman
on the cotton platform of the Farm-
ers Union Warehouse Company, where
several thousand bales of cotton
were stored. The fire was extinguish-
ed with the damage of only two bales,
due to prompt action of the night
watchman.

At 2:30 a. m. the Rockdale fire de-
partment was again called out by a
call for help from the city of Cameron,
where fire said to be of incendiary or-
igin destroyed the Cameron Compress
and 7,000 to 10,000 bales of cotton
stored therein. The Rockdale auto
fire truck made the 17 mile run to
Cameron in 33 minutes.

WEEMS MILL AND BRANCHVILLE GIN DESTROYED.

Waco, Texas, Oct. 12.—Fire last
night destroyed the Gibson gin plant
at Branchville, 12 miles east of Cam-
eron, with a loss of \$12,000 and the
Weems grist mill adjoining the
Weems gin, with a loss of \$2,000, ac-
cording to reports reaching here.
Neither plant was covered by insur-
ance.

A. J. Dossett, owner of the com-
press destroyed at Cameron Sunday
morning upon his return from that
place tonight said he found depart-
ment of justice agents and the state
fire marshal investigating the fire.

"If gins are to be burned and cot-
ton yards molested," Mr. Dossett
said, "It will have the effect of bring-
ing the price of cotton down. Insur-
ance companies will either cancel or
reduce insurance on cotton and this
will make it impossible for the banks
to loan money on it, thus the farm-
ers will be the sufferers."

Fort Worth, Tex., Oct. 12.—The gin
of G. B. Moore at Pursley, Texas,
burned last night and is believed to
have been of incendiary origin. The
loss is \$6,000.

Washing, Oct. 12.—Federal prosecu-
tions of "night riders" and others
responsible for the burning of cotton
and cotton gins in the southern states
will be ordered if an investigation
started today discloses violation of
any federal laws.

Department of justice agents have
been instructed and report immedi-
ately instances where federal laws ap-
pear to have been violated.

In most cases officials believe the
outrages have constituted crimes only
under state laws but the investiga-

tion was ordered when it was indi-
cated there might have been interfer-
ence with interstate commerce.

San Antonio, Texas, Oct. 13.—The
United States Government is to take
a hand in the reported wholesale
burning of cotton gins and compresses
in various parts of Texas by so-called
organizations of "night riders."

This fact became known today with
the dispatching to Cameron, Texas, of
several United States Department of
justice agents with instructions to de-
termine whether a fire destroyed a
compress and 5000 bales of cotton
there Saturday night was of incendi-
ary origin. If the fire was the work
of "night riders," the Department of
Justice agents are under instructions
to run them to earth and arrest them.

Simultaneously, it is reliably report-
ed, Department of Justice agents are
working on several other gin and
compress fires of recent origin in dif-
ferent parts of the State and it is
rumored that arrests are near in at
least two localities where cotton fires
followed the receipt of warning from
"night riders."

Participating in the Goovernment
investigation with Department of Jus-
tice agents is also said to be another
Government investigating bureau.

According to telegraphic reports
received here today from Cameron,
Texas, the Cameron Compress was
fired by a man who sped away in a
high-powered automobile. The 5000
bales of cotton destroyed in the fire
belonged to cotton farmers living in
the vicinity of Cameron, who had dis-
regarded frequent warnings, mysteri-
ously sent out by so-called "night
riders," ordering them to withhold
their cotton from the gins until the
price had reached 40 cents per pound.

According to United States Depart-
ment of Justice heads here, agents of
that organization were sent to Cam-
eron in the belief that the fire there,
which caused a loss estimated at \$1-
000,000, is the work of one big organi-
zation which extends over the entire
State, or else of a small local organi-
zation formed in "sympathy" with the
depredations of "night riders" in
other localities.

During the past 30 days more than
a score of gins, compresses and cotton
warehouses have been burned in fires
of mysterious origin. The loss invari-
ably followed the sending of warn-
ings to farmers not to sell their cot-
ton until higher prices were offered.

Department of Justice agents known
to be investigating at least a half
dozen of these fires have found only
one instance in which the conflagra-
tion could be traced to purely acci-
dental causes. This was in one of
two recent fires at Corpus Christi
when several freight cars loaded with
cotton was destroyed.

At Sinton, Kingsville and several
other southeastern Texas points where
other Southeastern Texas points
where fires have occurred recently, it
is rumored that arrests of alleged
"night riders" by Government agents
are imminent.

In addition to the \$1,000,000 compress
fire at Cameron yesterday, several at-
tempts to fire gins in other places
were recorded. At Hamlin, Texas, a
warehouse filled with approximately
half a million dollars' worth of last
year's cotton was set on fire but the
blaze was discovered and extinguished
by citizens who acted as volunteer
firemen before it did much damage.

The theory of Government agents
that the "night rider" fires emanate
one big organization or from a score
of small organizations working in
conjunction with each other is based
on the similarity of warnings receiv-
ed by cotton farmers in many parts
of the State. These warnings are
said to be practically identical as to
wording. In most cases they have
tacked on the doors of farm houses
in the night and were not found until
daylight the next morning. Instead
of using horses, the alleged "night
riders" are reported to flit about from
place to place in fast, high-powered
automobiles.

"Facts gathered by Department of
Justice agents, if they show that the
frequent compress and gin fires are
part of a program of intimidation by
any organization, will be laid before
the Federal grand jury and indictments
sought," declared Louis A. De Nette,
in charge of Department of Justice op-
erations for the district of Texas, Ari-
zona and New Mexico, today. "We
have several recent gin fires under in-
vestigation and in most cases have
concluded that they were not of acci-
dental origin."

Mr. V. Z. Nolen of Galveston was
a business visitor in Cameron last
Tuesday.

Mr. A. R. Huse of Waco was visit-
ing in Cameron last Tuesday on busi-
ness.

NOTICE

All my mules and horses are branded
a figure 7 or a figure 11 on the jaw
any my cattle are branded with a circle
around the knuck bone on left hip. I
will very much appreciate it if any one
finding any cattle or horses and
mules with this brand will promptly
notify me, so that I may take steps to
put them up. R. L. Batte. 24-4t.

COAL

Coal has been mighty hard to get all this
year, and the outlook is that it will be still
harder to get as the Winter advances. We
have three cars of

Genuine "Colorado Niggerhead"

Lump and Nut Coal now on the way, out of
which we will have about twenty tons to
spare that are not covered by prior orders.

If You Need Coal

and have not placed your order, we suggest
that you phone us promptly. We will do
the very best we can to take care of your
orders.

CAN YOU AFFORD TO WAIT?

Jeter Lumber Company
Cameron, Texas

Auditorium Theatre

Notice to the Public

We will open our new theatre Thursday night at seven o'clock.
We have been working hard for six weeks fixing things for your
amusement, entertainment and instruction.

Our work is not finished, but we will be ready for you to come
and see what we have done.

You will be able to see a complete Paramount program at the
Auditorium. These are the best and highest priced pictures
shown anywhere at any price.

We will open with Georges Carpentier in the Wonder Man,
Thursday night, and will show it again Friday. This is a Rob-
ertson-Cole Production.

We will show a Robertson-Cole Feature every Thursday. All
other pictures will be Paramount, Artercraft and Reel Art, all
Paramount pictures.

Our Seeburg pipe organ has been ordered from Chicago, and will
get here as soon as the railroads can bring it. In the meantime
we will have piano music.

Miss Erma Muse will be ticket seller and cashier. No tickets
will be sold unless there is a seat for the purchaser. There will
be no standing inside the theatre.

It is our intention to operate a clean, high class, orderly motion
picture theatre, with first class productions, where the best peo-
ple will delight to attend.

Prices will be 10 cents for children under twelve and every child
that can walk must have a ticket. 25 cents for grown folks, in-
cluding war tax.

Auditorium Theatre

L. C. Boyd, Manager.

APPEAL WILL BE TAKEN TO SUPREME COURT

Austin, Oct. 8.—The Third Court of Civil Appeals today affirmed the decision of District Judge Ireland Graves, which denied the application of A. T. Morris of Bastrop County for a permanent injunction to restrain the Texas Secretary of State from certifying the names of American Party candidates for a place on the ballot for the November election.

Austin, Oct. 8.—The temporary injunction issued by the Third Court of Civil Appeals restraining the Texas Secretary of State from certifying the names of candidates of any political party on the official State ballot in the November election, was dissolved late today when the Court affirmed the decision of District Judge Ireland Graves, which denied the application of A. T. Morris of Bastrop County for a permanent injunction to restrain the Secretary of State from certifying the names of the American Party candidates for a position on the ballot, upon the contention that that party had not complied with the Texas election laws.

Attorney for Morris announced that they had not decided whether they will ask for a hearing.

To get rid of worms in children give them White's Cream Vermifuge. The little sufferer improves at once and soon becomes healthy, active and robust. Price, 35c. Sold by Pace-Marshall Drug Company.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

We have just received a car of U. S. Army Wagons. If you need a wagon be sure and see these before buying.—Henne & Meyer Co. 19-2t

OPINION ON LIQUOR LAWS MUST STAND

Washington, Oct. 11.—The Supreme Court refused today to reconsider its decision of last June 7, sustaining the validity of the prohibition amendment and provisions of the enforcement act.

The rehearing had been asked in petitions by Christian Feigenspan, a brewer of Newark, N. J., and George C. Dempsey, a wholesale liquor dealer of Boston, Mas..

Rehearing of the Feigenspan case was sought on the ground that the court failed to state the reason of its conclusion in holding the amendment valid, that inadequate time had been allowed and that the court's construction of the amendment relating to "concurrent power" made Congress' authority practically paramount and nullified the effect intended by the Senate and House.

The Dempsey petition was based on the claim that neither the amendment nor the enforcement act was intended to prohibit the manufacture or sale of beverages containing small quantities of alcohol where such beverages were not in fact intoxicating.

WEST AND SOUTH WILL GAIN MOST BY COUNT

Washington, Oct. 8.—Examination of the final census figures of the country, which place the total population of the continental United States at 105,683,108, indicates that the West and South proportionately will gain more in a political way than the East or Middle West, through increased membership in the House of Representatives, more votes in the electoral college and in larger delegations to the national political conventions.

This result will obtain, whatever basis of apportionment is adopted by Congress next Winter, fixing the size of the next House, which in turn is reflected in the electoral college and the conventions of the big political parties.

As a result of the increase of 13,710,842 in population during the last ten years, fifty new seats must be added to the House to prevent any State from losing any part of its present representation. Should the present membership of 435 be left unchanged by increasing the basis of apportionment, there will have to be a transfer of thirteen seats, now held by twelve States, to nine other States.

For the past half a century the precedent has been to increase the size

of the House and if this precedent is followed this year five additional Representatives' seats must be given to California, four each for New York, Ohio, Pennsylvania and Michigan, three to Illinois and Texas, two to Massachusetts, New Jersey and North Carolina, and one each to Alabama, Arizona, Connecticut, Georgia and Maryland, Montana, New Mexico, Oklahoma, Oregon, Washington, West

Virginia, Wisconsin, Virginia, Arkansas and Minnesota.

While the present basis of apportionment is 211,877 inhabitants or its major fraction to the Congressional district, Congress can increase the basis to 219,427 without causing any loss.

Bright 43 per cent new meal at Oil Mill, \$2.60 per sack.

For skin eruptions, rash, chafed skin, prickly heat, chigger bites and stings of poisonous insects, Ballard's Snow Liniment is an effective application. It heals quickly. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace-Marshall Drug Co.

Fordson Farm Tractor

It is a habit of Henry Ford to thoroughly try out any product he manufactures before he puts it on the market. He personally must know it will do all he wants it to do before he will allow anybody else to buy it. For thirty-five years he worked on this Fordson Tractor. He kept buying land until he had something like eight thousand acres in order that he might get a great variety of soil conditions containing the plowing problems that meet the farmers of the world, and then the Fordson was put to work and made to take all sorts of practical tests for years before Mr. Ford put it on the market.

And, therefore, when it came on the market, it was right, it was reliable, it would do the work he said it would do. People have bought it, have tried it out, have tested it, and it has proven to be all that Mr. Ford claims it to be, and this is why that while farm Tractors have been on the American market more than twenty years and while three hundred thousand have been sold one hundred thousand of that three hundred thousand are Fordson Tractors, and yet the Fordson has only been on the market two years.

It has sold rapidly because when one farmer bought one, he practically converted the neighborhood to the desirability and profit of the Fordson Tractor on the farm.

The Fordson is made small, compact, flexible, dependable. It is made to be much more convenient to handle than a horse. It was made so that anybody of ordinary common sense could operate and take care of it. We wanted to make it so that a mechanic would not have to be sold with every Tractor. It was made by a farmer for a farmer, and it has the endorsement of the farmers—the little farmer and the big farmer. Some farmers have one, some farmers have ten and fifteen, and one farmer we know has fifty-six. It works just as well in the West as it does in the East. It is just as flexible in the North as is the South. It is just as profitable in the wheat field as it is in the sugar and rice fields. It is just as flexible and useful on the fruit ranch as it is among the fields of oats and barley. It is just as useful and profitable in the lumber camp, railroad yard, coal mine, as it is in the oil fields or any other commercial line. But especially designed for the farmer, it is especially his necessity.

Because it increases the production of every acre by enabling the farmer to cultivate his ground to better advantage than he can with mule or horse-power. It takes the sting and drudgery out of farm work. It is a great conservator of labor expense. Oh, it has so many money-saving advantages that the farmer can't do without it and be progressive and make money.

So we ask every farmer to come in and let us tell him more about this Fordson Tractor. Let us make a demonstration for him on his own farm. Let us test it out to his soil conditions. Let's show him.

Don't delay because there are only so many Fordson Tractors to come to this territory. Get your order in now, and remember that the Fordson after service is prompt and sure. We are supplied with everything necessary to keep your Fordson going every day in the year. Come in and let's talk it over.

CHAMBERS-HEFLEY MOTOR CO.
CAMERON, TEXAS

GAIN IN LAST 10 YEARS IS 17.975

Washington, Oct. 8.—Texas has the largest number of farms of any State in the Union, 436,666 being the number credited to that State by the 1920 census, according to figures made public Friday by the Census Bureau.

This is an increase of 17,975 since 1910, or 4.3 per cent.

Nevada has the smallest number of farms, the number being 3,164, an increase of 475 since 1910, or 17.7 per cent.

Montana gained the largest number of farms during the 1919-1920 period, and New York lost the greatest number during that period. The Western State, according to the 1920 census returns, has 54,441 farms, an increase since 1910 of 13,370, or 119.1 per cent.

The returns for New York show that the Empire State has 193,060 farms, a decrease since 1910 of 22,537, or 10.5 per cent.

TEXAS IS FIRST IN NUMBER OF FARMS

Washington, Oct. 8.—Texas again leads all Southwestern states in population. A study of the population figures issued by the Census Bureau showed today a decided movement of the people from the farms to cities and from cities to the West. Every state showed gains, however, with the exception of Nevada, Mississippi and Vermont. New York, of course, had the largest population again.

Texas stood fifth on the list, being preceded by New York, Pennsylvania, Illinois and Ohio. She was followed by Michigan and California, with Missouri ninth and New Jersey tenth.

Oklahoma was twenty-first on the list and was second in population of the Southwestern states. Kansas was twenty-fourth, just nosing out Arkansas. New Mexico was forty-fourth, with Arizona forty-sixth. Nevada brought the rear ranking forty-ninth, as the District of Columbia was given forty-second position.

The census shows that Texas has the reatest number of farms of any state in the Union, with 436,666, a gain of 972, or 4.3 per cent, compared with ten years ago and an increase of 83,000 compared with 1900.

SAN ANGELO TO GET RECOUNT OF CENSUS

San Angelo, Texas, Oct. 11.—A recheck of the 1920 census, which gave this city a population of only 9,392, is in progress, the census bureau at Washington having granted a request by the Board of City Development that a list of persons who were absent from home in January be permitted to be compiled.

Within a few hours after this announcement thirty-seven names were turned in. A mass meeting was held during the afternoon and canvassers were appointed to visit every house which according to the census takers' records, was vacant early in the year. Six hundred and eight residences were found to be unoccupied at that time.

The Board of City Development, in its appeal to Washington, pointed out that hundreds of persons were absent from their homes in January, many of them being in the cotton fields and on the rivers gathering pecans. Officials believe that the recount will be sufficient to replace San Angelo in the 10,000 population class, large increases since 1910 being shown in the number of people served by mail carriers, in bank deposits, in the number of homes, hotels and rooming houses built and in water, light and telephone connections made.

Mr. Park, sanitary engineer from Austin who recently inspected Cameron in behalf of the work of the anti-malaria campaign, made a very pleasing report to the State Board of Health at Austin. Director Culver has received another letter complimenting us on our work, and the results we have obtained. There has been some mosquitoes in some localities about town. There have also been some premises where the owners did not carefully guard against mosquito breeding, consequently we have a few mosquitoes. As Mr. Culver has stated before he can take care of the public places. But he must have the co-operation of the people in taking care of their premises. Do not give up this good fight now that cold weather is almost here. We have a few more weeks of good mosquito breeding weather, so let's fight him to a finish. Don't fail to swat the mosquito, do not only fight him out of the house, fight him out of the yard, by getting rid of those tin cans, that barrel, or anything else that may be holding useless water.

By the 1st of November we will publish a statement showing where every dollar of money subscribed toward this campaign has been spent.

AMERICAN PARTY NOMINEES

To Will T. Yates, County Clerk of Milam County, Texas:

We, Gus Williamson, chairman of the American Party of Milam County, Texas, and R. M. Moorman, secretary of the American Party of Milam County, Texas, do hereby certify that the following named persons were duly nominated for the respective offices preceding their names by the accredited and qualified delegates of the American Party of Milam County, Texas, selected and elected by the voters of the various voting precincts of Milam County, Texas, to represent them and their said voting box at the County Convention of the American Party held in the Court House at Cameron, Milam County, Texas, Saturday, July 31, 1920, namely:

For County Judge, J. B. Swanzy.
For County Clerk, M. E. Fisher.
For County Tax Assessor, Cleve McCall.

For Tax Collector, True Loftin.
For County Commissioner of Commissioners' Precinct No. 1, Milam County, John W. Barrett.

For County Commissioner of Commissioners' Precinct No. 2, Milam County, J. L. Brod.

For County Commissioner of Commissioners' Precinct No. 3, Milam County, Texas, J. E. Cherry.

For Justice of the Peace of Justice's Precinct No. 3, John Hairston.

For Constable Justice's Precinct No. 3, Jack Gunnels.

For Constable Justice's Precinct No. 4, J. H. Butler.

For Public Weigher, Justice's Precinct No. 4, B. Holowell.

For Justice of the Peace, Justice's Precinct No. 6, Milam County, Texas, J. F. Wendt.

For Constable Justice's Precinct No. 6, Milam County, Texas, Clyde Chapman.

For Public Weigher, Justice's Precinct No. 6, Milam County, Texas, W. H. Little.

And will you cause the names of the nominees hereinafter mentioned to be printed upon the official ballot for the general election to be held in Milam County, Texas, November 2, A. D. 1920, as candidates upon the ticket of the American Party for the offices for which they are shown to be nominated by this certificate as is provided in the manner determined by

the executive committee for the American Party of the State of Texas and as is provided by the executive committee of the American Party of Milam County, Texas and according to law in such cases made and provided.

G. L. WILLIAMSON,
Chairman of the American Party of Milam County, Texas.

R. M. MOORMAN,
Secretary of the American Party of Milam County, Texas.

State of Texas,
County of Milam.

We, Gus Williamson and R. M. Moorman do solemnly swear that Gus Williamson is the duly elected qualified and acting chairman of the American Party of Milam County, Texas, and that R. M. Moorman is the duly elected qualified and acting secretary of the American Party of Milam County, Texas, and that the above named persons are the nominees of the American Party for the respective offices mentioned opposite their names and in connection therewith and that the same are certified to the County Clerk of Milam County, Texas, as nominees of the American Party and for the purposes set forth in the foregoing certificate.

GUS WILLIAMSON
R. M. MOORMAN.

Sworn to and subscribed before me this 2nd day of July A. D. 1920.

ROBT. M. LYLES,
Notary Public in and for Milam County, Texas.

Witness my hand and seal of office this the 6th day of October, A. D. 1920.

WILL T. YATES,
Clerk of the County Court of Milam County, Texas.

By K. K. Robbins, Deputy.

J. D. DOBBINS
THE MAN WHO SAVES YOU MONEY.

A Simple Plan

By the simple plan of spending less than the income and saving regularly, it is possible to create fund which will create an income.

Thus, careful spending adds to buying power.

And a good way to learn to spend is to adopt the "budget system," that is, to lay plans for spending and to include an account in the bank.

We appreciate your business, prompt and courteous attention to every one.

CAMERON TEXAS

BUCKHOLTS NEWS ITEMS

Miss Audrey Criswell

Buckholts, Texas, Oct. 12.—The Buckholts Public School opened Monday with ninety-three pupils in attendance. Many of the pupils will not enroll until they have helped gather the crops. F. O. Favre was present for the chapel exercises and delivered a splendid talk. A number of the patrons of the school was also present for opening exercises.

Mr. J. O. Hughes moved last Thursday from Pettibone to this place. He is domiciled in the home recently vacated by Mr. and Mrs. E. H. Geistmann.

Mrs. M. M. Raney returned the latter part of the week to her home in Denison after spending several days here visiting relatives.

Mr. and Mrs. Fred Smith of Port Sullivan were here during the week-end to see her sister, Mrs. J. Z. Young.

Mrs. W. H. Doggett and children and Mrs. Claude Loftin and daughter, Miss Vera were in Temple Saturday to shop.

Mr. and Mrs. John Lupton were in Cameron Saturday evening.

Reverend F. O. Favre held services at the Methodist church Sunday morning and night.

Mr. and Mrs. A. C. Black of Jones Prairie were here the last part of the week to visit her parents, Mr. and Mrs. M. N. Hitt.

Mr. John Buck of Hicks was here this week to see his family.

An interesting meeting of the United Cotton Growers' Association of America was held at this place Friday night. There was a goodly number of farmers and also a number of business men in attendance. Interesting and instructive talks were made by the following gentlemen: Messrs. D. C. Dove, Ike Looney and Dial. The purpose of the meeting was to organize a local and to interest and secure as many new members as possible.

The following were Temple visitors last week: Messrs. J. R. Slovacek, George Goree, Vance Hopkins and Cecil Criswell.

Mrs. N. R. Norman returned several days ago from Ardmore, Oklahoma

where she has been visiting her daughter for some time.

Mr. and Mrs. T. F. Criswell, Mrs. Eudora Lupton motored to Waco Sunday to spend the day. They were joined at Rogers by Erwin and Clayton Guess.

Miss Agnes Kelly, representing Holland's Magazine was here Monday to organize a Holland's Magazine Club in the school. The pupils are very much interested in the work of securing new subscribers to the magazine. With the money thus earned they expect to purchase apparatus for the school ground.

Mrs. J. C. Williams of Denison is here to see her parents, Mr. and Mrs. F. G. Raney. We are very glad to report that Mrs. Raney is much improved since her recent illness.

Mr. John Meyers made a business trip to Cameron Monday.

Mr. M. N. Hitt was a Rogers visitor Saturday.

Mr. W. D. Tomerline had the misfortune of losing his barn last week by fire. The contents of the barn, consisting of one hundred and fifty bushels of corn, all his harness, and a quantity of hay, were completely destroyed. The origin of the fire is unknown.

Mrs. Orsage who resides in the Corinth community has been very ill for several days with malaria fever.

A jolly motor party left here Sunday morning immediately after Sunday school for Salado, where a most enjoyable day was spent at the park at that place. It was several hours after the usual hour that lunch was spread so this and the long cross country ride probably accounts for the ravenous appetites of the crowd. All the good things one can mention were there in abundance, including fried chicken, salads, pies, sandwiches, deviled eggs, cakes and relishes. After lunch the party amused themselves by exploring the old town and walks along the beautiful stream that runs through the park. The group broke up late in the afternoon and returned home by various and divers routes. All eventually reached home before morning, even if Mr. and Mrs. Coley did have to be towed in. The personnel of the party included: Mr. and Mrs. S. M. Corley and son, Mr. and Mrs. W. E. Coley and children, Mr. and Mrs. Dee Fikes and son, Mrs. Rector and

daughter, Mr. and Mrs. H. H. Harris, Mr. and Mrs. Alex Henderson and son, Mr. and Mrs. E. J. Kahler and son and Misses Leola Custard, Gladys Harris and Audrey Criswell and Messrs. Laurence Swanzy and George Goree.

Mr. and Mrs. Frank Stach were in Cameron Monday.

Since the recent disastrous fire at Cameron there has been a steady stream of wagons loaded with cotton being carried by the farmers to their homes, from the cotton yard and warehouse. Many others have applied for insurance for their cotton.

Mr. Eilmer Horstmann left Monday for Smithville to be gone for several days.

FIRST METHODIST CHURCH

The subject Sunday morning at the Methodist Church will be: "When the Storm Broke." The subject Sunday evening will be: "The Fool's Vineyard." The service in the evening will begin hereafter at 7:30. The Sunday School meets at 9:34 a. m. The League meets at 6:45 p. m.

We have employed Mr. Paul Medsker, who teaches violin in the school, to play at the church morning and evening. He is also training an Orchestra which will assist with the music and this promises to be quite a feature of interest. Last Sunday was their first appearance but they will be present regularly hereafter.

The Big Price Cut Has Come

Klawansky Slaughters Profits

We are face to face with the most critical situation that ever has confronted the retail merchant in the history of the South. Why should we deny it? Goods are going down—the bottom dropped out of cotton prices, and we have a big stock of merchandise that we bought, anticipating a lively Fall business. We are not able financially, to wait for things to get better. We have to do business and keep our stock moving—if not at a profit, then without a profit—or at a loss, if necessary to take it, and we have decided to take our medicine. This is your opportunity to buy Fall Goods profitably.

**Reductions On Everything In Our Store Today In
Order to Convert the Goods Into Cash Money**

Take Notice !

If you will carefully read your daily newspapers, and look through reports furnished by the Government, you will find that prices in the wholesale markets have declined very little on manufactured products, except in cases where the selling price asked was more than conditions warranted. There will be no big slump in prices, and declines will be very gradual whenever they come.

WE OFFER THESE INDUCEMENTS IN ORDER TO
RAISE MONEY

Do It Now!

There will be no lower prices than these, and if you don't care to take our word for it, look up what government reports say regarding price conditions. Before merchandise can be sold any cheaper, costs of manufacturing will have to be reduced, and they are higher at this time than they ever were. Be wise, and buy all you need, before the scramble for merchandise begins.

WE HAVE TO RAISE CASH MONEY, THEREFORE
THESE BIG REDUCTIONS

**A Smashing Blow at the High Cost of Living---The Price
Slaughter Begins Saturday Mornina. October 16th**

Ladies' Suits, Coats and Dresses Reduced

Garments that represent the best there is to be found—whether you speak of style, quality, or moderateness of price.

CAM-HI NEWS

EDITORIAL FOR HIGH SCHOOL STUDENTS

There is no inspiration in inactivity. To the worker comes enthusiasm and joy. The digger is the youth who lives. He may strain his back or his eyes may get tired, but he is happy in the pleasure of accomplishment, realizing that each moment he may learn something of worth.

If you would have a knowledge of the hidden treasures of books, learn how to dig for them, and dig early and late. Things worthwhile are worth working for. Think of the gold and diamonds dug out of the earth, and know that books may offer treasures as valuable. If you want to get rich things out of life—dig for them.

FRIDAY'S GAME

In discussing the football game of last Friday, it may be said that Cameron "went through them." Owing to the swiftness of our backfield, and the efficiency of our quarterback, Porter Stevens, Cameron was able to run up a score of 68 to 0. In the last three quarters Cameron did not try to score in the last quarter, but kept the ball in Rosebud's territory. The end runs of our two halves, and the line plunges of our fullback as well as the open field running and sidestepping of our quarterback are evidence of good material on the team. The whole line did good work on line plunges and punts. The whole team played extremely well.

WHAT IS CLASS SPIRIT?

During the present term, the student body of Cameron High School, must work harder than ever to show true class spirit in any way and at all times. This is one of the greatest factors of our school life, and in order to do this, we must understand what class spirit is.

Class spirit can especially be shown in our class work. Each class as a whole should try to excel the others, and here class spirit is necessary. Every student should take a very interest in the standing of his own class. His lessons should be accurately attended to, and his conduct in class unexcelled.

Each class should co-operate while in the study-hall in trying to make good conduct and studiousness overrule misbehavior and idleness. This spirit is a sign of both refinement and development of high ideals into the school.

Furthermore, class spirit is necessary in our athletic life. We must show the opposing side what we stand for and what we intend to do. We must prove by our actions that we stand for right under all circumstances and at all times. Let's have a yell leader, and some stirring yells!

A SURPRISE PARTY

A few Junior girls surprised Miss Alta Klawansky Monday night with a birthday party. The girls came dressed in short dresses and socks, each bringing a present, such as a toy phone, baby pins, a kewpie, candy, etc. Each girl did a stunt. This was followed by a game of pinning the tail on the donkey. Miss Mary Tyson won the prize. Little Miss Jennie Tyson won the prize in the written contest, and Mary Coung won second prize.

Mary Bailey received first prize in the bean contest and Mary Young came out second. Louise Adams and Bessie Wiley sang a solo entitled "Mary Had a Little Lamb."

Mrs. Klawansky then invited the

girls into the dining room where the birthday cake with sixteen candles on it was cut. Then ice cream cones, candy, apples, cookies and chewing gum were served. After this a large pan was passed around the group. Each girl pulled a string, which hung from beneath the cover. When the cover was removed, candy fish, all day suckers, etc., were revealed. All then returned to the parlor, where "Till We Meet Again" was sung and also, "There's a Long, Long Trail."

Those present were Misses Bessie Wiley, Grace Lindsey, Mary Young, Louise Adams, Dallis Young, Mary and Jennie Tyson, Mary Young, Lola Mae Roberts, Nona Hubert, Jennie Brown, Mildred Favers and Mary Davis Bailey.

DISCIPLES OF SOCRATES

On the night of Monday, October 11 the "Disciples of Socrates" held their third regular meeting. The membership committee has secured five new members, namely, Ray Casey, Eber Flinn, Marvin Sykes, Frank Plaster and Buddy Stedman. All of these gentlemen were accordingly raised to the dignity of membership in the "Disciples of Socrates."

Since Mr. Lee Howell, the original treasurer of the Disciples had dropped his membership for the reason that he was unable to attend meetings an election was held for the purpose of choosing his successor. As it happened Mr. Eber Flinn was chosen as the new Treasurer.

Next, the committee on dues and initiation, gave its report. It had been decided that the initiation fees were to be fifteen cents, and the monthly dues were to be the same sum. The committee had also settled upon a form of initiation for new members. But since a large number of these were present and it was feared that a description of the ordeal that they must undergo would unnerve them, they were left in ignorance until the next meeting, when they will learn it at first hand.

The program for the meeting was then given. It consisted of discussions on various parts of parliamentary practice. And owing to the nature of their subjects, the speakers were not so well informed as they might have been. Stuart Epperson requested permission to speak again upon the same subject on the following meeting and this was granted him.

Since the retired treasurer, Lee

Howell, had also been a member of the program committee, Scott McGuire was appointed to serve in his place. The meeting adjourned.

THE GIRLS' CLUB

The Girls' Club met in the regular club room Thursday afternoon. The meeting came to order with the roll call by the secretary. The constitution was then read and accepted. After the reports of the chairman were given, the club was favored with a very interesting program. There was a debate on "Clubs Should be Compulsory in High School." Miss Louise Denson and Miss Louise Adams took the affirmative side of the question and Christine Wallace and Marguerite McDermott took the negative side. The debate rose to a hot discussion.

The whole club waited anxiously for the decision from the judges. The decision was in favor of the negative that "Clubs Should Not be Compulsory in High School."

THE CARRIE YOE CLUB

The members of the Carrier Yoe Club held their weekly meeting last Thursday Oct. 6 in the Club Room. After singing "America," each answered roll call with a quotation from an American poet.

Mrs. Yoe and Miss Amelia Williams were elected honorary members of the club. The following program was given:

1. "The House by the Side of the Road."—Sallie Coleman.
2. "How I can be a Good Samaritan."—Willie Day.
3. "How I can be a Good Samaritan at School."—Nell Mays.

An interesting program has been planned for the next meeting and all Sophomores and Freshmen are urged to be present.

S. M. MARRS ADDRESSES THE STUDENTS

Mr. S. M. N. Marrs, Chief Supervisor of the Texas Public Schools addressed the assembled high school students, Tuesday afternoon. He was in Cameron in the interest of the School Amendment, which is to be voted on in November.

His talk was both interesting and inspiring. He made several statements concerning the rank of Texas in educational matters. Thirty-eight states have more efficient school system than Texas, and thirty-four states have more people in proportion to population who can read and write. In concluding his talk, Mr. Marrs

told the students that the purpose of education is to help them adjust themselves to the future so that they will be socially efficient.

Then he outlined three things necessary for the acquirement of an education: a strong arm, a clear mind, and a brave heart.

SCHOOL PHILOSOPHY

1. If you cannot win, make the one ahead of you break the record.
2. Bring up daily work as it comes does not get you into as much trouble as dodging it—you always run into it at examination time.
3. Are you a leader? He is only an ordinary man with extraordinary determination.
4. Hard luck is a polite name for sleeping sickness.—(Anonymous).
5. My boy, paste this in your hat. Nobody is going to do your work for you as well as you can do it yourself.—(Gleanings).

QUIT TOBACCO HABIT

So Easy to Drop Cigarette, Cigar, or Chewing Habit

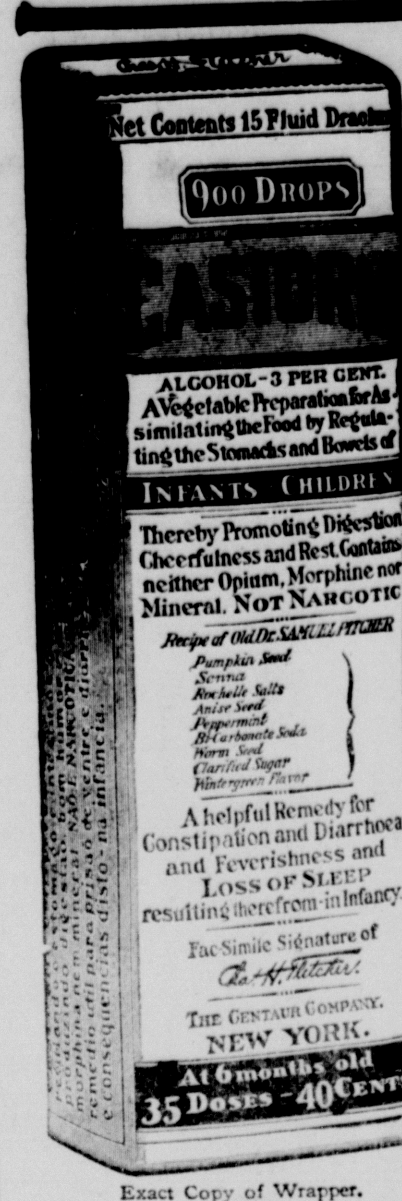

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarets; therefore is thoroughly reliable.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

Messrs. T. F. Hardy, Lochrane Hilliard and Judge John Watson spent Monday in Austin.

Mr. H. F. Hardwick of Wellington, Alabama, attended the United Confederate Reunion in Houston. Mr. Hardwick is visiting his sister, Mrs. L. Wilson and relatives in Cameron. He will leave Tuesday for Meridian to visit his brother, Mr. W. H. Hardwick.

Mr. Tom Vaughan of Goodwater is spending a few weeks with relatives in Cameron and Maysfield. Mr. Vaughn is a Confederate Veteran and attended the Reunion in Houston. He reports that he enjoyed the Reunion very much.

SUMNERS SEEKS AID FOR FARMER

LETTER POINTING OUT NEED
FOR FINANCIAL HELP IS
SENT TO HARDING

In view of the recent announcement that the Federal Reserve Board will be unable to extend aid to the cotton growers of the South in the present emergency, Congressman Hattin W. Sumners of Dallas has appealed by letter to William P. G. Harding, president of the board, at Washington, pointing out that some governmental action is necessary to prevent threatened bankruptcy of agricultural producers.

The rapid increase of city population at the expense of the rural communities is one of the results of failure on the part of farmers to make fair profits on their crops. Mr. Sumners states, in the letter. The effect of this condition on the general public, causing hardships to the public outside of the rural communities as an indirect result, is expressed.

Europe is Blamed

"I recognize, of course, that many of our difficulties result directly from the industrial and political disorders of Europe," Mr. Sumners states. "Those who normally would purchase those commodities of which we now find we have a surplus are unable to

THE INTERNATIONAL SCOUT JAMBOREE

The International Boy Scout Jamboree, which was held in Olympia, France last August, was thoroughly enjoyed by the 301 Boy Scouts who went over to participate in the athletic and scenic events.

One of the features of the trip was that the American Boy Scouts felt perfectly at home in England. The English Boy Scouts were rather sceptical about the uniform of the American, for they wore leggings and the English wore shorts, but the second day cleared all apprehensions for the Americans, led by the Denver Boy Scout Band came down the main street of London with shorts on. A delightful half day was spent in the London zoo and the meeting with Boy Scouts of other lands.

The Americans joined by the English Scouts were also heartily greeted on their arrival in France. They were taken through the streets of Paris and then after they had had their games and races at Olympia they went to Antwerp to witness the Olympic games there. From there they started on their way home without a single hitch in the plans and not one accident.

COLORED PEOPLE ORGAN- IZE CLEAN-UP CLUB

The Colored people of the city organized a street and alley cleaning club a few days ago. More than thirty names have been entered into this club, which as soon as the premises have been ready the Mayor, City Superintendent of Schools and editors of the two city papers will compose a committee to grale upon the basis of a 100 per cent the parties thus entering the contest.

It is hoped by the club that the movement will be general and that by next week more than a majority of all the Colored families will have become a member of this club.

Anyone desiring to become a member may do so by giving name and address to E. T. Johnson, L. T. Johnson or James W. Bartlett.

do so because of that condition. That fact, however, which is more or less temporary in its nature, makes it necessary that our general policy shall be calculated as far as possible to preserve normal production in order that when conditions become normal on the other side we may have in operation machinery necessary to take care of those conditions."

Mr. Sumners further states that the Government should not lend itself to an effort to either maintain or in-

After 12 months of successful operation, the Industrial Assembly, composed of employees of The Goodyear Tire & Rubber Company at Akron, Ohio, under whose direction industrial relations are maintained and promoted between the management and workers, is ready to hold primaries for the election of senators and representatives for continuation of the industrial representation plan.

Established a year ago by a factory-wide vote, for the purpose of taking up for consideration and aiding the settlement of wage questions, factory conditions and plant operation, the Industrial Assembly has accomplished a great deal.

This body, which is similar to the House and Senate of the United States, and is composed of 20 senators and 40 representatives, covered a wide range in its activities. It recommended adoption of permanent instead of rotating shifts, suggested the Saturday half-holiday for all employees, a merit system for inspectors, recommended and assisted in establishment of a co-operative store, co-operative tailor shop, curb market, caused adoption of plan to have foreman take courses in factory hygiene, recommended many matters of factory sanitation and obtained a branch public library for the shops.

In addition to matters of factory operation, the assembly took a wide interest in civic questions, starting the "move-up" movement to educate the trolley-riding public, succeeded in obtaining better trolley transportation and co-operated to arrange sufficient motor truck transportation when Akron was tied up for 12 days by a traction strike.

The industrial representation plan seems to have passed the experimental stage and has served effectively to get the wishes of employees before the management and secure a high degree of helpful co-operation and unity of interests.

crease the price of any commodity, but that "we have a peculiar situation" which requires governmental aid. He says that the price of cotton now is far below the price of production, and that the farmers are discouraged and some are facing ruin as a result.

Farm Labor Problem

To keep labor on the farm, Mr. Sumners points out that the farmer must be able to sell his products at a profit, which he does not now realize, and, as a result, the condition now faced "becomes of the very greatest general importance."

"I recognize the difficulty of giving any special aid to a specific vocation," the letter concludes, "but I do believe that the public interest of this country would sustain any effort of the Government, directly or indirectly made, to prevent the threatened bankruptcy of agricultural producers and to enable us to hold on the farms of this country against the high bid of the vocations of the city enough people to produce the food and clothing material which we must have."

DAUGHTER OF DIRECTOR OF 190 CENSUS SUIDES

Philadelphia, Pa., Oct. 11.—Miss Esther L. Rogers, daughter of Samuel L. Rogers, director of the United States census bureau at Washington, died in the Garretson hospital here early today under circumstances that indicated she had ended her life with poison, according to the police.

Miss Rogers, who was 25 years old and employed as a stenographer, was found in her boarding house, 1741 Green street, last night suffering from the effects of poison. She was rushed to the hospital and died without regaining consciousness.

Mr. Rogers said his daughter had not been in the best of health and had been subject to spells of extreme nervousness. He knew of no reason he said, for her to end her life.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60¢ per bottle.

Thomas A. Edison

From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration.

Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit.

No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs.

The marvelous tone of the Amberola—the permanent, genuine Diamond Point Reproducer (no needles to change)—the practically unbreakable, everlasting Amberol Records—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame.

Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.

Oxsheer Smith, Pres.

CALL ON SOUTH'S GOVERNOR TO CHECK BURNING OF GINS

Columbia, S. C., Oct. 8.—The "Black 75" has been brought officially to the attention of Governor Cooper in a letter from L. W. Harris, solicitor of the Tenth Judicial Circuit, advising the Governor of threats against cotton gins in various parts of the State. Some of the letters warning the ginner to discontinue operations after Oct. 7 have been signed "Black 75," it is said, while in other cases paper with matches attached have been pinned on doors.

Harris writing from Anderson, asked the Governor if there had been any provision made for sending detectives to certain places to seek evidence in such cases.

Governor Cooper in his reply, while deploring the acts of "fanatics," wrote:

"You may feel assured that should a situation develop which requires extra effort on the part of the State, I will not hesitate to act."

Georgia Governor Acts.

Atlanta, Ga., Oct. 8.—Governor Hugh Dorsey gave to the press last night an open letter to the people of Georgia, urging them to do everything possible to put to an end the campaign of "nightriders" who are striving to close the cotton gins. Reports received at the Governor's office indicate that the situation is serious in many counties. Governor Dorsey proposes to use the whole power of the State to stop lawlessness.

"Nightriders" in Georgia and other Southern States want the gins to close until cotton advances to 40 cents a pound. In several Georgia counties the "nightriders" have tacked closing notices on gins. In every case boxes of matches have accompanied the notices.

The posting of the notices has been general in some section of Alabama. Even merchants have been ordered to close their stores until cotton advances. The great fall in the price of cotton is a serious menace to the business in the South and the crop was produced on supplies purchased on a 40-cent cotton basis.

TUTE, WALKED FIVE MILES TO GET A BOTTLE MEN- DENTHALL'S CHILL AND FEVER TONIC

Springville, Tenn., Oct. 17, 1917. We are certainly pleased with Menthall's Chill and Fever Tonic and sell about two to one of all other kinds combined. Users please take notice we make chill tonic black label containing no arsenic and a chill tonic Red Label containing 20 minims Fowler's solution of arsenic to each fluid ounce. The chill tonic regular is indicated where quinine is indicated, the Red Label where quinine and arsenic are both indicated which is in chronic malaria, loss of appetite, indigestion, inactive liver and spleen gastralgia and jaundice due to malaria.

Sold by Avera's Drug Store.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, Mo.

MAY SEIZE VESSELS DEFYING DRY LAW

PLAN TO TAKE DRASTIC ACTION TO BREAK UP THE PRACTICE OF SMUGGLING

Washington, Oct. 11.—Seizure and sale of foreign ships violating American prohibition laws is under consideration by the bureau of internal revenue as a means of curbing liquor smuggling. Officers of the bureau were reported tonight as seeing no solution to the problem other than through invoking libel provisions of the Volstead act against ships bringing in liquor.

Evidence gathered by Federal enforcement agents was said to have disclosed that masters of foreign ships frequently conspired with their seamen to violate the prohibition laws. The supply of alcoholic beverages has been greatly increased along the eastern seaboard by this means, it was said.

The bureau is understood also to have discovered definite connection between foreign seamen engaged in smuggling and a "whiskey ring" through which the smuggled commodity is marketed.

The Volstead act provides specifically for confiscation of vehicles of transportation employed in violation of that law. Bureau officials were said to feel that although foreign violations may result, they should take steps in that direction in order to control the traffic.

Technically, foreign ships are within jurisdiction of American laws when inside the three mile limit. This makes them liable to confiscation at any time contraband goods is found on them. The belief was indicated, however, that seizure of a few ships would end the activities of the sea-going bootleggers.

Certain foreign ship's masters are

alleged to have employed a unique method of defeating prohibition. The report revealed, it was stated, that pay of seamen had been reduced to nominal amounts and in some cases to the amazingly small figure of one dollar a week. In lieu of more pay, the seamen were permitted to lay in stocks of liquor in foreign ports and deliver it in American ports.

160 FEET OF OIL IN MELLON WELL

Direct word from the Mellon well at a late hour last night was to the effect that the drillers had at last gotten a grip on the string of tools lost several days ago, and that the hole would doubtless be clear and drilling resumed this morning.

During the shut down it developed that 160 feet of oil has accumulated in the hole, and in the opinion of experts, the Mellon is already a commercial oil well, and western Bell county is an actually proven oil field. Only the area and quantity of production now remains to be established. A few more days' actual drilling in this well will tell the tale as to whether the field is a gusher or a gusher or a pumping proposition.—Temple Telegram.

A clear colorless liquid that will heal wounds, cuts, sores and galls is the latest and best production of medical science. Ask for Liquid Borzone, it is a marvel in flesh-healing remedies. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Company.

In all malarial country the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by Pace-Marshall Drug Company.

New hulls, \$7 per ton at Oil Mill. Pure granulated cane sugar 19 cents per pound. Giles L. Avriett.

TWO POLL TAXES CAN BE PAID TO TAX COLLECTOR

It is now possible to pay poll taxes for both 1919 and 1920, according to instructions received Friday morning by County Tax Collector Marvin Scott from Comptroller Wigington.

Payments made under the law passed by the recent called session of the Legislature will apply on the year 1919, the Comptroller said, since the enactment of the law is merely an extension of the time until Oct. 22 in which either men or women can pay their 1919 poll tax and have the privilege of voting at the November election prior to Feb. 1, 1921.

The first and only person in Tarrant County who had paid a poll tax under the new law Friday morning was Charles A. Farnum of Fort Worth.

"As the Tax Collector begins collecting the 1920 taxes Oct. 1," the Comptroller wrote, "it will be possible and also legal for a person to pay two poll taxes from Oct. 6 to 22, one for 1919 and the one for 1920."

A printed copy of the law is promised the Collector as soon as delivered by the printer.

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by Pace-Marshall Drug Company.

TRUCK FACTS

TRAFFIC TRUCKS ARE BETTER

Depend On Operation Economy

The profit earned by our trucks are the sole basis of judging its worth to you. They depend on operating—economy in fuel, oil, care, service, strain and repairs.

A truck unable to economize in these respects steal profit out of your pocket. Upon ignition depend many truck economy.

Fuel economy because it's fat, sure spark explodes every bit of the gas in the combustion chamber into all possible power.

Lubricating economy—because it means less carbon and reduces the danger of fouling. All of this means less repairs, fewer overhauling. Less time away from work, besides the time over the road.

TRAFFIC TRUCKS is the most complete truck, on the market to overcome these troubles.

We have just received a car of TRAFFIC TRUCKS and will be glad to demonstrate these to you.

American Legion, Hillsboro Post. Hillsboro, Tex., Oct. 9, 1920.

To Whom It May Concern:
We take pleasure in stating that Brunk's Comedians, a high grade dramatic show, has been here this week under the auspices of the Local Post of the American Legion.

Each night a very entertaining, strictly high grade, and moral show was given, drawing good crowds, and thoroughly pleasing and entertaining to all who attended. Their twelve piece band and eight piece orchestra rendered unusually good music and was worth the price itself, and the troupe deserve much applause for the high class of entertainment.

This theater has a good tent, thoroughly comfortable and safe, and all whom attend may be sure of a pleasant and comfortable evening.

They will always be welcome back to the city of Hillsboro, and we cheerfully recommend them to any Post desiring a high grade and dramatic tent show.

W. E. JACKSON,
Post Commander.
H. H. CARMICHAEL,
Post Finance Officer.

Mr. and Mrs. Ben Loewenstein, Sr. and Mr. and Mrs. Ben Loewenstein, Jr., and children with Mrs. Pearl Cawthorn of Rockdale were here Sunday.

The Answer to The Housing Problem

The problem of high rents and scarcity of quarters is being solved by thousands of American homes by the use of the Cornell Wood Board walls and ceiling. Strong, rigid Cornell panels that take the place of plaster, quickly and inexpensively converts waste space such as the attic or spare room into an attractive, cozy guest chamber, sewing room or living room.

We have anything in lumber, brick cement or Corrugated Iron Roofing.

Be Sure You See Us Before Buying Any Building Material Elsewhere

We have any lengths in Corrugated Iron Roofing and can supply your needs in roofing material of this kind. No roofing on earth any better, and the lasting qualities makes it the most economical roofing to be had.

Milam County Lumber Company

CAMERON, TEXAS

To the People of Milam County:

I desire in this public manner to invite the attention of the people to my candidacy for the office of tax assessor for Milam County. I am the regular nominee of the American Party for such office in this county. I am 32 years of age, was born in Milam County, and have lived in this county all of my life with the exception of about three years. I have always been a Democrat and affiliated with the Democratic Party until the present year, but the policies pursued and the legislation enacted by that party in recent years has led me to the conclusion that it is no longer a party pledged to the best interest and welfare of the people, and I have, therefore, renounced my allegiance to the Democratic Party and given my allegiance to the American Party.

If the people of Milam County shall endorse my candidacy for the office to which I aspire, I pledge them in advance that I shall bring to the discharge of the duties of such office a fair, honest and intelligent intention and purpose to serve the people without fear or favor toward any, and I promise you in advance that all of the property in this County shall be assessed, and that it shall be fairly and efficiently done, and can be done without the aid or assistance of any block map of any other contrivance to be paid for out of the public funds.

Therefore, I have submitted my candidacy to the good people of Milam county among whom I have lived all my life, and shall be grateful to them for their endorsement and support in the coming general election.

Faithfully yours,

CLEVE McCALL.

Mrs. George Graves left last Friday to attend the Eastern Star State Convention. She stopped in Fort Worth a few days to visit relatives.

Mr. Joel H. Dixon of Gatesville, while en route from the Confederate Reunion, spent last Thursday with his nephews, T. F. Hardy, Judge and Dr. Watson. He has not seen some of them since coming to Texas from Alabama in 1877. Mr. Dixon and D. A. bama company in the Confederate army. McLane belonged to the same. Albany.

We are sorry to report that Mrs. Logan Green is quite ill at her home in North Cameron.

Mr. W. L. Hilliard of Troy, Alabama, spent several days the past week in Cameron in the homes of his relatives, Mr. T. F. Hardy and Judge and Dr. Watson, and was very much pleased with Cameron and Milam County. He visited Hearne and Calvert and saw the Brazos bottom lands, but liked the prairie land better. He accompanied Mr. Hardy and Judge Watson to Austin Monday to see the capitol he had read and read so much about. Tuesday night in company with Mr. Hardy he attended the Bankers' Banquet at Rockdale. He left Wednesday afternoon for Breckenridge, Texas, to visit his son, Captain Charles Hilliard, who was in the over seas service, but now located in the Texas oil fields.

Parma carries a full line of Groceries.

Mr. and Mrs. Earl Perry and baby of Rockdale were over in our city Sunday evening.

Fernell Select Stock of Plain and Pimiento Stuffed Olives. Giles L. Avriett.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Normal Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and

faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

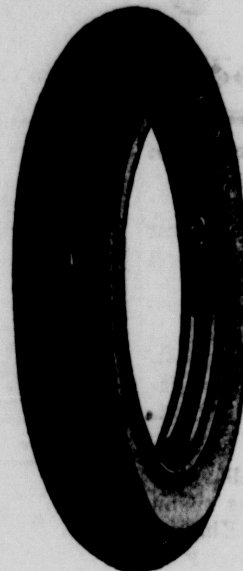

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

100,000 PRESCRIPTIONS WERE FILLED BEFORE NUMBER 40 FOR THE BLOOD WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions before "Number 40 For The Blood" was discovered. 40 is an old doctor's prescription, has cured the worst cases of blood troubles, chronic rheumatism, catarrh, constipation, stomach trouble, indigestion, functional nervous disorders, skin eruptions, such as eczema, sores, ulcers, pimples, etc. Thomas Anderson, 419 Linden St., Winston Salem, S. C., writes as follows: "I thought I would write and give you my experience with your great medicine, Number 40 For The Blood. When I began to take Number 40 I was suffering with a severe stomach trouble, could not eat anything without great distress, was run down, weighing but 139 pounds. I improved from the start, am now on my fourth bottle. Can eat anything I want, weigh 156 pounds and feel like a new man and wish to thank you for the wonderful benefit I have received by taking this wonderful medicine."

Mr. L. H. Harden, who is employed in a gin at Yarrington spent last Sunday with his family here.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

The Western Union and Mackay telegraph offices had a busy day last Sunday because of the inquiries concerning the fire at the compress.

Miss Clarion Power, who has been attending school the past four weeks returned to her home in Rogers last Thursday.

Last Sunday afternoon the Sunday School Class of R. A. Tag was told to meet at the church and they would go on a little hike. They were too impatient to wait so they went to the home of Mr. Tag and waked him up out of a beauty nap and they all went to the ruins of the compress. They thoroughly enjoyed themselves by chasing each other over tales of cotton. Afterwards they expressed their wish to go some more hikes.

Mrs. Mewhinney left for her home in Holland last week after a visit with her daughter, Mrs. Sam Mewhinney.

Mrs. Wm. Rogers took his mother, Mrs. W. M. Rogers, and Mrs. Rucker over to Holland for a short visit last week.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County,—Greeting:

You are hereby commanded to summon Pearl Colbert by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 8th day of November, 1920, the same being the 2nd Monday in Nov., 1920 then and there to answer a petition filed in said court on the 2nd day of October, 1920, in a suit numbered on the docket of said court No. 8284, wherein Allie Colbert is plaintiff and Pearl Colbert is defendant, said petition alleging: Statutory grounds of three years' abandonment.

Herein fail not, but have before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this 2nd day of October, A. D., 1920.

23-4t
PENN WOLF,
Clerk of the District Court, Milam County, Texas.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the County Court of Milam County, on the 1st day of October 1920, in a certain cause wherein Hallett-Davis Piano Company is plaintiff and Donie Rollins et al is defendant in which cause a judgment was rendered on the 20th day of August, 1920, in favor of said plaintiff, Hallett-Davis Piano Company against said defendant, Donie Rollins et al for the sum of Two Hundred Twenty-three and 23-100 Dollars, with interest there on at the rate of 7 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will on Wednesday Oct. 13, 1920 at T. A. Howell's Music Store, Cameron, Texas, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Donie Rollins et al in and to the following described personal property levied upon as the property of Donie Rollins et al, being one certain player piano No. 57413, style No. 215, and being the same player piano which the plaintiff sold said Donie Rollins, now Donie Phillips, on the 18th day of June A. D. 1917.

The above sale to be made by me to satisfy the above described judgment in the sum of Two Hundred

Twenty-three and 23-100 Dollars, in favor of Hallett-Davis Piano Company with the costs of said suit, and proceeds applied to the satisfaction thereof.

L. L. BLAYLOCK,
Sheriff Milam County, Texas.
By D. B. Gunn, Deputy.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

J. 78

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating too Much Meat

When you wake up with backache and dull misery in the kidney regions it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

A lazy no-account feeling with yawning and sleepiness in the day time is caused by a torpid liver and disordered bowels. Herbine is a splendid remedy for such ailments. It cleanses the system and restores vim

Electrical Supplies

In this day of progress you owe it to yourself and to the community in which you live to make the most of the many conveniences which electricity provides for your use.

Since it aides you in so many ways to become a better and more useful citizen it is a reflection upon your better self if you fail to take advantage of it.

For your convenience and to help you to decide upon the varied applications best suited to your needs, we have provided a liberal display which we welcome you to inspect.

SIX O'CLOCK DINNER

the beautiful home on Hefley lights, Judge and Mrs. John Watson entertained at a six o'clock dinner last Saturday evening, complimentary to Mr. Lochaine Hilliard of Troy, Ala., who is a cousin of Judge Watson.

As usual the home was in perfect order, beautifully lighted, and the guests given a cordial welcome. Almost immediately, dinner was announced.

The table was simply, yet beautifully laid, with green luncheon set, China with gold hand-painted Basset coat of arms, sparkling cut glass, and silver. The center piece was a large mirrored reflector on which was a bowl of heavenly blue morning glories and maiden-hair fern.

Seated around this hospitable board other than the honor guests were Dr. and Mrs. Jim Watson, Mr. T. F. Hardy, Mrs. Mattie Batte, Mr. and Mrs. J. C. Tucker, Col. and Mrs. J. N. Bradshaw of Orlando, Florida, while the twins, John and Maide had a tea party table to themselves in the conservatory adjoining the dining room and a beautiful sweet picture they made.

The following three-course dinner was served amidst pleasant intercourse:

Menu

Fried chicken, Asparagus on toast, Rice, Canned Yams, Tomatoes, pickles; Hot biscuit, Butter, Olives, Ice Tea, Combination Salad; Cherry and Nut Ice Cream, White Cake.

BIRTHDAY PARTY

Twelve of Miss Alta Klawansky's friends decided on a "lark" for Monday night. With Mrs. Klawansky's permission and help they gave Alta a six year old party instead of sixteen years—her real age.

The girls dressed like six year old kids, and laden with toy presents, telephones, dolls, cupies, toy sieves, candy etc., they surprised Alta with a storm party.

Children's games, stunts, and contests, music and recreations were the amusements indulged in, even to pinning the donkey's tail on.

Mary Tyson was the successful one, in this, and was given a red stick of candy.

The big birthday cake with sixteen red candles was cut and eaten with ice cream cones.

Fishing from a dish pan and catching candy, all-day suckers and chewing gum delighted the "children."

It was indeed an enjoyable affair and one that will long be remembered.

Those present were: Grace Lindsey, Louise Adams, Bessie Wiley, Mary and Dallis Young, Mary and Jennie Tyson, Nona Hubert, Mary Davis Bailey, Lola Mae Roberts, Jennie Brown, Mildred Favors.

PARENT-TEACHERS MEET

About fifty parents and teachers gathered in the High School building Wednesday afternoon at 3:40 for the opening meeting of this association.

Mrs. Ben Atkinson, the President, called the meeting to order.

Miss Estelle Coleman read the Texas Congress Prayer, Roll was called and about one dozen new members enrolled.

rolled.

Mr. Kidd then made a very forceful address, and emphasized "What We Can Do" and "What We Can Accomplish" if we try. He further stated that it was "a big business to rear a boy or a girl." He brought out that the home, the church, the school, were the principal means to this end, and if the school was to do its full share it must have equipment. Mr. Kidd asked the Association for two Victrolas and convinced them that through the right kind of music in the school a great advancement could be made.

The Association voted to pay twenty-five cents a year dues and pledged to buy the Victrolas and at least fifty good records. Ways and means for raising this money was left for another time as the ladies had a social hour for the afternoon.

The Association repaired to the Superintendent office, which was bright with all kinds of flowers.

Parents and teachers were introduced, cake and cream was served and a general pleasant hour spent.

It is the hope that every parent give their names for membership to this organization and help these teachers in every way possible. All members are requested to send their dues to the Treasurer, Miss Estelle Coleman, as soon as possible.

BIRTHDAY PARTY

On the lawn at the home of Mr. and Mrs. John Ryan last Wednesday afternoon, little Arnette celebrated her seventh birthday.

There were twenty little boys and girls present and Mrs. Ryan was assisted by Miss Jennie Wrenn Houston in helping the children play games.

After the games the big white birthday cake with seven candles was cut and each child given a piece with ice cream.

Little Miss Arnette received quite a number of pretty and useful presents. Some of them were: perfume, silk handkerchiefs, beads, books, hair ribbon, etc.

These little folks wish for Arnette seven times seven more birthdays.

MRS. TIFF MOORE ENTERTAINS.

Last Thursday afternoon the "42" Club had its first meeting of the Fall at the home of Mr. and Mrs. Tiff Moore.

The home was beautiful in Autumn tints, gold and green. Marigold, and golden cosmos were used in profusion.

The score cards, too, were in the same rich colors, in yellow and red and brown—hand-painted maids with wreaths of red roses. They were the handiwork of Miss Mollie Moore and her niece, Mildred Moore.

Eight tables were arranged and soon the ladies were busily engaged in the game.

At the announcement of "84" favors Mrs. R. D. Brown led off by making the first one and was presented with a little bisque doll. It was not long ere dolls of all kinds were being distributed. At the close it was found that Mrs. Judd Davis had four—the highest number made. Mrs. J. C. Tucker won the most games among the club members and was given a large doll.

Mesdames S. A. Cottle, R. D. Brown and Miss Estelle Coleman, of the guests, cut for the guests' prize. Miss Coleman was the fortunate winner.

Mrs. Moore was assisted throughout the afternoon by her sister, Miss Mollie Moore and little daughter, Dora Emily, and in serving by Misses Mildred Moore, Bessie Wiley and Jessie McCall.

Mrs. Moore served a delicious two-course luncheon consisting of chicken salad, pear salad, sandwiches, celery, pineapple cream and cake.

A short business session was held and Miss Mary Lake Henderson resigned as president and Miss Clara Thomas was elected to take her place.

Those present other than club members were: Mesdames S. A. Cottle, R. D. Brown, Helen Tyson, Henry Hefley, Judd Davis, Giles Avriett, Dow Eplen, Howard Baskin, J. L. Clinton, Tom Henderson, Jr., John David of Dallas, W. C. King of Arizona, Vernon McIntyre of Marathon and Misses Beth Jeter, Winnie Henderson and Estelle Coleman.

BRIGHT LITTLE GIRL

A little Cameron girl, whose grandmother went to Houston to the Reunion, was anxious for grandmother's return and asked: "Mother, when is the 'Western Union' going to let grandmother come back?"

BRIDGE CLUB

Last Friday afternoon Miss Rose Rischar was charming hostess to the Bridge Club at the home of Mr. and Mrs. W. A. Morrison.

The spacious reception suite was cool, inviting and beautiful with most gorgeous bouquets of goldenrod.

The score cards were landscape scenes in gold and green and looked as if the goldenrod might have been cut from their fields. This is a very popular club and much loved by all its members. There were four tables playing and three very enjoyable games played.

Mrs. J. L. Clinton of the club members won most games, and Miss Beth Jeter, among the guests, and to each was given a most unique imported Japanese sachet basket.

After the games Miss Rischar was assisted in serving by Mrs. Fritz Fahrendori and Miss Frances Morrison.

A two-course luncheon was served consisting of pressed tunie salad on lettuce, fruit salad, olives, sandwiches, crackers and pineapple cream and white cake.

Those present other than club members were: Mesdames Vernon McIntyre of Marathon, S. A. Cottle, W. A. Morrison, W. A. Gillon, Misses Beth Jeter and Mary Lake Henderson.

BIRTHDAY PARTY

A birthday party of unusual interest and sweetness was one enacted last Saturday at the Cameron Sanitarium when Mr. R. L. Batte, Sr., found himself turning fifty-seven years old. There flat of his back his grandchildren and a number of friends came to greet him and brought gifts, baskets of fruit and flowers until his room looked like "Fairyland" indeed.

Mrs. J. C. Reese sent a snowy white birthday cake.

As usual, Mr. Batte's kind, generous heart expanded on this occasion and he invited all the nurses in and discharged most generously with them.

One special gift was from his son and wife, Mr. and Mrs. R. L. Batte, Jr.—a ten pound grandson.

Mr. Batte's condition is very much improved and we are glad for Cameron needs all her big men.

CIRCLE NO. 1

This Circle of Baptist ladies met with Mrs. W. G. Cox last Monday with Mrs. E. A. Flinn as leader. A profitable and interesting lesson was enjoyed and a fairly good attendance.
